PRESENT WAREHOUSE BILL  
BRYAN SUBPOEANED IN GREEK LIBEL SUIT

South Carolina Congressman Bryan is Subject of a Federal Search
Washington, Dec. 6 - A motion for a search warrant was brought today for Bryan in connection with the Bryan libel suit. The motion was brought by the government of Greece, which is seeking to have Bryan testify on the return of a letter to a Greek newspaper that was published in the United States.

The letter is a denunciation of Greek political leaders and was published in the Greek newspaper, which is owned by a Greek journalist. The government of Greece is seeking Bryan's testimony to establish the validity of the letter and to determine whether Bryan was involved in its publication.

The motion was denied by the court, which ruled that the government had not established a prima facie case for a search warrant.

The case has been under investigation for several months, and it is believed that Bryan was involved in the publication of the letter.

The government of Greece is seeking Bryan's testimony to establish the validity of the letter and to determine whether Bryan was involved in its publication.

The court ruled that the government had not established a prima facie case for a search warrant and that the motion was denied.

The case will likely be appealed to the Supreme Court, which will have the final say on the matter.
