The Store that Saves You Money.

This is the season When people are thinking about Furniture. With the coming of summer time there comes a desire to buy easy, comfortable chairs, a pretty bed room suit, nice things for the hall, elegant furniture for the dining room. With a wide experience in selecting the best, and keeping free from the very great lot of inferior furniture that is offered by new factories, we are able to offer to our patrons that kind of furniture which we know will give honest service. We do not try to attract you by glittering bargain promises or any statement that misleads in letter or spirit. What we want is your own cool, calm judgment on the goods we sell and our prices on a strong line of Furniture.
