OZ OF POLITICS SAYS ROOSEVELT

BY WINTHROP COLLEGE

The semi-weekly News is the official organ of the Women's College. It is published twice weekly, on Tuesday and Thursday evenings, at the College.

The News is read by all members of the College community, including students, faculty, and staff. It provides news, events, and information relevant to the College and the surrounding community.

YORK COUNTY NEWS ITEMS

When Cole Blew a Whistle

The following appeared in The New York Times of June 12, 1914:

When Cole blew a whirlwind of a whistle at that place, it was a sound that would have been heard for miles around. It was a sound that would have made men turn their heads. It was a sound that would have made them look up. It was a sound that would have made them feel as if something had happened. It was a sound that would have made them wonder what it was.

The Whistle was heard as far as five miles away. It was heard as far as ten miles away. It was heard as far as fifteen miles away. It was heard as far as twenty miles away. It was heard as far as thirty miles away. It was heard as far as forty miles away. It was heard as far as fifty miles away. It was heard as far as sixty miles away.

The whistle was heard in the town. It was heard in the country. It was heard in the city. It was heard in the village. It was heard in the hamlet. It was heard in the home. It was heard in the hospital. It was heard in the prison.

The whistle was heard in the morning. It was heard in the afternoon. It was heard in the evening. It was heard in the night. It was heard in the day. It was heard in the week. It was heard in the month. It was heard in the year.

The whistle was heard in the spring. It was heard in the summer. It was heard in the fall. It was heard in the winter. It was heard in the season. It was heard in the age. It was heard in the century.
A asbestos casket, and his many anything himself. He was buried in the night with another man's wife death of a "citizen:"

Whiskey killed him. He came here to protect against any of the old folks at home to win the doctor gave it out as heart failure. The doctor gave it out as heart failure.

The book will run you to feed. Everybody says Mother three days in her life. She is not a beauty by any means, and had growing tired of being called a liar!

How can he do much? He is a poor business. His store is dirty and dusty. How can he do much?

"Died—Aged fifty-six years, six months for Whiskey. He came here to protect against any of the old folks at home to win the doctor gave it out as heart failure. The doctor gave it out as heart failure.

The book will run you to feed. Everybody says Mother three days in her life. She is not a beauty by any means, and had growing tired of being called a liar!

How can he do much? He is a poor business. His store is dirty and dusty. How can he do much?

TUESDAY, IE. 13.

ALL MUST TELL.

The rich rolls came out and money went in, when the gold was in the treasury. After the gold was in the treasury, they had the money. Ask any one of the rich men what they did.

The majority of people in this town do not know how to vote. They do not know whether or not they will vote today will influence the result.

Now Ireland, Normal Arms in Town to-day, and the honest death rate, is somewhat

It is a common fact among American say, "The last reason."

That you can't afford to be.

The great problem before the United States is to protect itself from a great and powerful enemy. You must not be afraid to vote.

TELLING THE TRUTH.

It has been charged that a newspaper recently published a newspaper that did not tell the truth to a person that it is a lie to tell a lie. Those who complain that newspapers do not tell the truth are not always philanthropic and thoughtful. The "New York Times" is a daily paper.

**STOP! LOOK! LISTEN!**

The above advice applies to no class more aptly than to the farmer on the subject of hail and hail insurance. Our county in the main has been fortunate for the last few years so far as crop loss by hail is concerned (though there have been several heavy and severe losses during that time), but the very next hail storm of serious magnitude may be right here in our midst and may wipe out one blow all of the toil and preparation of months. Hail has wrecked destruction in other parts of the State already this spring, and the very next storm may occur in Chester county. We are not making an effort to frighten the farmers into separating from any of their good coin, but we do want to be in a position to help our friends when trouble comes.

All losses paid promptly. No trouble about adjustments.

**RATES REASONABLE**

For further particulars write the Secretary.
A Timely Warning

EVEN well-known automobiles have not increased in price within the last ninety days.

The Maxwell Company has not increased their prices. We do not know what their plans are, but we do know and you know that materials entering into the construction of new automobiles now cost from 20 to 300 per cent more than they did six months ago.

Nothing is to be gained by delay. Much may be lost.

Not only may you lose several dollars in the purchase price, but you are sacrificing the enjoyment, the relaxation, the health-giving properties—everything, in fact, that makes motoring the favorite pastime of the nation.

We urge you to come in and investigate the Maxwell.

Or, we will refer you to any number of Maxwell owners and let them tell you their own story in their own way.

They will tell you what they have told us. That the Maxwell is good-looking—that it is powerful—that it is comfortable—that it is economical—in short, that it is the best investment they ever made.

That's the way they feel toward us and the Maxwell Car.

Whatever you do, don't put this off. We have a few cars on hand and can take orders for immediate or future delivery—at present prices.

If you can't come in today, phone us for a Maxwell demonstration.

Touring Car $655

Roadster $635
