Mill End Sale

BEGINNING
Friday, June 24, 9 a.m.

AND LASTING 10 DAYS

Lindsay Mercantile Co
Chester, South Carolina.

The Representatives of the New York Mill and Factory Syndicate will again be with us, and will have entire charge of this sale. Our first sale was something of an experiment with us but such is not the case on this occasion. We realize the advantage the Mill and Factory Syndicate have over the single merchant, as they handle the entire output of Mills and thereby are able to place the goods on the market at prices the consumers could not hope to obtain elsewhere.

**WE GIVE YOU A LIST OF A FEW OF THE BARGAINS ON THIS PAGE. BUT THIS DOES NOT TELL HALF OF THE STORY, so you will have to come and see for yourself."**

I think it is high time that the people of this town were showing their appreciation of this bountiful hospitality and returning thanks to the country people in a substantial manner. To do this let us invite our friends from the country to join us in a big basket picnic and prepare a barbecue in addition. A country picnic nothwithstanding will be here and we may just as well have a good old hand-shaking and jollification right here in Chester. There is a large place for such a gathering than on the rolling hills around White's mineral spring, across the river from the park. The candidates living in town can be assessed, and a good subscription among the citizens can be easily raised. Mr. A. McD. Hood would make a fine manager for the barbecue and a committee of Patriots could be appointed.

The state presents a solid democracy now. All the old scores have been blotted out and the sores healed up. Let's all get together and have the people of Chester county to enjoy one happy occasion among themselves right here in town.

A. M. AIKEN.

Closing of the Kindergarten.

The closing exercises of the Free Kindergarten was quite a success. The work has been well marching, and excellent time in the motion songs, showed the children well trained, reflecting much credit on Miss Bland Sloan, their teacher, showing tact, patience and perseverance on her part. Of the many pretty tableaux, one deserves special mention, "Freese's Cuts," where Uncle Sam gallantly stepped up and cut Cow's chains. Besides the above mentioned class, Misses Fannie Spratt, Lottie Kuttz and Lois Sample, of Monroe, (who are children of Chester's lightning) assisted in the entertainment, adding a pleasing variety. A new little unit was added to the treasury.

Mrs. Robert Stevenson and two little sons, who have been visiting their mother, Mrs. W. S. Brown, in Rock Hill, passed through this morning on their way home. She reports her mother's condition somewhat improved and they have hope that her eyest will be partially restored.

Miss Agnes Douglas, of the Chester graded school, and Miss Margaret Douglas, of Winthrop, are supposed to be a part of the party of teachers to Chicago, where she will spend the summer studying mathematics.

Mr. M. M. Machorell, our druggist, has a part Minora heen which lays a remarkable egg—one perfect egg within another perfect egg. The hen lays this kind of egg everything the lays, which is two or three times the size of a regular egg.

A rural free delivery service will soon be put in operation on a route running more or less along the lower floor of the building. The service is a great improvement to the town, and the people are very much pleased with it.

Blackstock Notes.

Miss A. E. Jones, of Blackstock, preached in the opera house last Sabbath afternoon, on the Imp" ortant of the Soul. White people were in the lower floor and colored people the gallery. Persons who were there tell us that the discourse was a strong one, the preacher supporting his arguments with a wonderful array of scriptural texts. The Rev. McLeas told us yesterday that he discussed the subject from a biblical standpoint. It is too deep for theology, too high for science and too broad for speculative philosophy.

By the way, he says many people suppose that he is a northern nonbeliever in the Intu. They say that he got his education. He tells them he got it here in the town of Blackstock, Robert McLeas's corn field, in Anderson county. He got his book with him and studied when he was a student. He has a very good idea of the subject which he retailed to us yesterday, and his feet have been a Presbyterian, with Dr. C. E. Bisson, at the head, who was received as a Presbyterian.

Waiting in Lancaster, pasted—went to Rodman Saturday evening. I went over the city. I just went for Wrightsville. The friends of Miss Carrie Peacock, who is an acquaintance, went to visit her last night in the city on her way home from Saluda street along Foote, for a visit to Mrs. Lindsay's. Mr. Joseph Burdell did not say anything about the weather, but Lewis was probably about 28 years old. Miss Bertie Simonton spent last night in the city. A Dreadful Affliction

Mrs. W. S. Brown has a serious affection of both eyes, and is now totally blind. The trouble came upon her suddenly, about three weeks ago, first only one and then both. However, neither became affected, and shortly afterwards both lost their vision. This dreadful affliction seems to be due to hemorrhage of the eyes.

When ASHCRAFT'S Condition Powders are fed to horses and mules, marked improvement will be seen after the first few doses. There is no doubt about it. The Powders, acting directly on the digestive organs, first thoroughly cleanses the stomach and bowels, correcting all disorders, and then good healthy appetite comes naturally and surely. It is the most powerful tonic and appetizer on the market today, and when once used horsemen will have no other.

ASHCRAFT'S Powders produce that silky sheen of coat and hair so admired by horse fanciers? The Powders fatten but never bloat. Always high grade and put up in doses—never in bulk. By the use of three or four doses a week your horse or mule will not be subject to colic or any disease of the stomach and bowels.

As the Lantern Lights the Way to Due West Female College,

Do you know that this college, with its long and honorable record of a useful past still offers the best advantages of thorough work, careful personal oversight of the individual pupil, correct standards of thought and manners, desirable companionships, the highest and finest influences in morals and religion, with the least temptations to vice and extravagance and at the lowest reasonable cost? A health record seldom equalled. Pure water. Good board and homelike surroundings.
