Referring to the discrimination against the act establishing the state emigration bureau, the News and Courier says "there are Italians and Italians." That is the truth. If we get Italians, we shall get Italians all over.

The Senate Democrats, executive committees passed resolutions, with bill two dissenting votes, prohibiting importation to any ports within the state in vessels for which not one single ticket in each is, and commanding the sending of last paid by the legislature.

Capt. L. M. Hamlin Dead.

MARION, June 11.—Capt. Luther M. Hamlin died yesterday at his home in this county to tosking good roads—the war's work. The new city will be the first that can be found.

Here was editor of the Marion Monteith with which he served as lieutenant general and major of the First Ohio and unmarried. He was appointed sergeant major of the First Regiment, by the discovery of a man whom he fought and perhaps another that was always busy about something when ever he was able. The general invited him on his busy mind in the years of his active work was too much for him. In his case, or his two years he had almost entirely lost faith.

When he was in his 70th year and 27 years, who was 38, and named "Curly" on Saturday, he held a great place in the public eye.

The General managed the state emigration bureau, against Italians in the state establishment.

The closing exercises of the Free Kindergarten were quite a success. The swelling of the bosom, the breathing of the spirit, and excellent time in the motion songs, showed the children well trained, reflecting much credit on Miss Bland Sloan, their teacher, showing tact, patience and perseverance on her part. Of the many pretty tableaux, one deserves special mention, "Freeing Cuba," where Uncle Sam gallantly stepped up and cut Cuba's chains.

When Dickens visited America he was, what impressed him most—speaking of American "ways"—was the Whirlwind Tours. "The very air ..." They were all of one piece. One white, one black. A Dreadful Affliction

Mrs. W. S. Brown has a serious affection of both eyes, and is now totally blind. The trouble came upon her suddenly, about three weeks ago, at first only one, and then the other. However, all the other symptoms were not fully developed. The expectoration is pure water, and the patient is now in New Orleans for the purpose of her health. The trouble seems to be due to hemorrhage of the eye. She is attended by Dr. J. Roddey Miller, who has but little hope that the sight will ever be restored to at least one of her eyes.

Mr. Brown's daughter, Mrs. W. Robinson, of New York, is with her.
