The Representatives of the New York Mill and Factory Syndicate will again be with us, and will have entire charge of this sale. Our first sale was something of an experiment with us but such is not the case on this occasion. A Suggestion.
To the Editor of The Lantern:

Please allow me space in your columns for a suggestion which I am sure will be timely and interesting to all your readers. It is suggested that a committee be appointed to arrange for a local meeting of the Presbyterian church. Such a meeting would be a great benefit to the community.

Closing of the Kindergarten.
The closing exercises of the Free Kindergarten were quite a success. The children were well behaved, and excellent time in the motion songs, showed the children well trained, reflecting much credit on Miss Bland Sloan, their teacher, showing tact, patience and perseverance on her part. Of the many pretty tableaux, one deserves special mention, "Freeing Cuba," where Uncle Sam gallantly stepped in to free the Spanish colonies, which is two or three eggs. The other negroes were resting and singing, "Hail, Hail, the Gang's All Here," forming a chorus on the railing around White's mineral spring, while the children went on their way.

The candidates living in town can be assessed, and a good subscription among the citizens can be easily raised. Mr. L. C. Payseur and Miss Payseur, of Chester, have made this place for such a gathering than on the rolling hill around White's mineral spring, across the street from the park. The candidates living in town can be assessed, and a good subscription among the citizens can be easily raised.

Black Sam Jones.
Mr. A. E. Jones (Black Sam Jones) preached in the opera house last Sabbath afternoon, on the Immutability of the Soul, White people with the lower floor and colored people the gallery. Persons who were there tell us that the discourse was a strong one, the preacher supporting his arguments with a wonderful array of scripture texts. The Rev. McLeas told us that they were somewhat dressed in the subject from a biblical standpoint. It is too deep for theology, too high for science and too broad for speculative philosophy.

By the way, he says many people suppose that he is a northern man where he got his education. He tells them he got it over here in the city, Robert McLeas's corn field, in Anderson county. He kept his book with him and studied and when the other negroes were resting and singing, "Hail, Hail, the Gang's All Here," forming a chorus on the railing around White's mineral spring, while the children went on their way.

It is too deep for theology, too high for science and too broad for speculative philosophy.

A rural free delivery service will soon be put in operation on a route from our town to the border of Roane and Anderson counties. The service will be given weekly.

Mr. J. A. Thackston and Dr. McCollough, left Wednesday for Chicago, where they are to take a three months course at the Chicago University.

Still others have in every instance proved very profitable, not only to our country friends but to a large number of the town people. Certain it is that the town has never failed to be represented in goodly numbers, and the lucky candidates have for years enjoyed the results of these meetings.

I think it is high time that the people of this town were showing their appreciation of this beautiful hospitality and returning thanks to the country people in a substantial manner. To do this let us invite our friends from the country to join us in a big basket picnic and prepare a barbecue in addition. A country picnic and social gathering will be held here and we may just as well have a good old-fashioned and jollification right here in Chester.

A Dreadful Affliction

Mrs. W. S. Brown has a serious affection of both eyes, and is now totally blind. The trouble came upon her suddenly, about three weeks ago, at first only one being involved. A day or two afterwards, however, the other became affected, and shortly afterwards both eyes became completely useless.

A resolution was adopted endorsing the sentiments of the Bar Association of Charleston, in condemnation of the act of Congress in abolishing the General Assembly of the State of South Carolina.
