SEMII-ANNUAL

CLEAN SWEEP SALE

July 1st practically marks the end of the clothing season and as we have done a large spring business and reaped a fair reward for our work, we can afford to close out balance of our Summer Stock at whatever price it may bring. We must clear the deck for action in the fall. Being pelted with dollar bills and making no effort to catch them would be about as wise a proceeding as the man who buys his clothing without coming here and learning our prices, and about as profitable. Money saved is worth as much as money earned. If prices slashed to the very quick will vacate our tables, they shall truly be vacated.

The children of a well-known family of that city were at home last Wednesday, and several of them were playing in the street. One of the children, a boy, was playing with a large dog, and the dog turned on him. The boy was seriously injured, and it is feared that he will not live.

The boy's mother, who was at home, said that she was not aware of any danger being present, and that the dog had never shown any signs of being vicious before.

The dog was taken to the hospital, where it was treated by the best surgeons in the city.
