THE RENT! A recent circular from the Kentucky Government recommended to all owners of property in the state of Kentucky to keep their property well-maintained and to keep their property in good condition. The circular was published in the local newspapers and was read by many people who were affected by the circular.

Mr. Jones had a meeting with the tenants in the city last night and discussed the matter of rent with them. He assured them that they would be able to afford the rent and that the property would be kept in good condition.

The tenant had been visited by the police and was asked to vacate the property. He had been given a month's notice to vacate the property and was required to pay $500 in rent. The tenant had been unable to pay the rent and was forced to vacate the property.
