Masterful Acting Seen in "Riigleye"
The thought uppermost in everyone’s mind is the thought of our year’s race, and that thought dominates our campus this week. Cornelia Edwards, Rachel Stevenson, Edith Anderson, Ruth Caufl, and Lula B. L. K. Club have really become a permanent part of our college life. The remark most frequently heard on the campus this week has been “Just seven more weeks to the end of the semester.”

However, when the warm days of spring tempt us away from the classroom, we must realize that the work of the semester has only begun. Students and Faculty alike know that many students are finding the time of reason in their studies. The thought of the success of Winthrop girls is sweetly after labor! This calm reverent attitude of mind for the nearness of the season’s race has really become a permanent part of our college life. It has sweetened after labor! This calm reverent attitude of mind for the nearness of the season’s race has really become a permanent part of our college life.
When You Get a Watch
Get a Good One!

Soap and water cannot wash it away—self-seal underarm moisture and odor!

Addictive perspiration—itching, burning sensations—unhappy odor. Result: pitiful dress, heat exhaustion, need of baby powder, personal discomfort, tell-tale underarm moisture and odor! Why? because you are not using Odorono. Odorono's formula of underarm toilet water is the only one that will cut off underarm moisture and odor at the source. Just once a week is all you need, and the Odorono habit is formed—no underarm moisture or odor. Odorono is made in 5 oz. jar.
