COTTON TO BE PUT UNDER EXPORT BAN

New York, July 10—The majority of the
institutions in New York, if required to
support the embargo on cotton, would
do so, said Mr. Samuel Gompers, presi-
dent of the American Federation of
Labor, in an address delivered here on
Thursday.

He added that the American Federation
of Labor would support any move to
prevent the export of cotton to the
Southern States, which he said were
the most backward and lagging regions
of the country.

The embargo on cotton was first intro-
duced in 1862 by the United States
Government, and since then it has been
maintained as a means of preventing the
export of cotton to the Southern States,
which were then in rebellion against the
Union.

The embargo has been supported by
the American Federation of Labor, and
Mr. Gompers said that it would continue
to support it, in order to prevent the
export of cotton to the Southern States,
which he said were the most backward
and lagging regions of the country.

To Our Friends and Patrons:

In view of the increased costs of labor and supplies as well as the high cost of living, generally, we find it necessary to increase our charges for a shave from 10 cents to 15 cents effective immediately. This increase becomes necessary because the cost of materials and supplies has increased very materially. The additional charge will be effective as of July 16, 1917. Our charges for cutting hair, shaving, manicure, etc., will remain as heretofore. We wish to register our appreciation of our sincere appreciation of our business and of our continued efforts to give them as pleasant, up to date shops as can be found in any city anywhere.

L. H. WEIR, J. W. GRAHAM, ROOF and LEE.
T. D. ATKINSON.
