NICARAGUA HAS ACCOMPLISHED MUCH IN 20 YEARS.

The leafhopper does not last long in the Nicaraqua nation. It is pouring out pome fruit against the present incumbent, the Hon. J. Willard Ragsdale, though whether they are penetrating the political armor of the latter statesman we do not know. Ragsdale may be able to answer them, but even if he does, the fact stands that a great many congressmen quietly pocket the $125 per month allowed them for secretarial hire. The Hon. Thomas Jefferson Doolittle is elected to congress; takes his wife to Washington, and appoints her as his secretary, and then does his own typewriter pecking and receiving letters.

Each congressman is allowed $126 per month for a secretary, but Evans declares that Ragsdale appointed as his secretary his law partner, who remained in Florence and continued the congressman's law practice. It is alleged that this law partner, R. E. Whiting, "never performed a day's service as Ragsdale's clerk in Washington." When Whiting retired, James A. Pettigrow, cashier of a Florence bank, was appointed as Ragsdale's clerk, and then送出 a check for $100; that Penny didn't get a cent of it; on the contrary, $30 was returned to Clerk Trimble in Washington to pay the balance of $70 was held by Ragsdale's bank as a credit on Penny's personal note.

The $100,000 proposed for South Carolina by Representatives Whaley would be spent along the Santee river and its tributaries, which went out of their banks last week at the same time western North Carolina was flooded. The $1000,000 appropriated for the flood relief of South Carolina by the state legislature was not spent, as the state had already appropriated $500,000 for the purpose, and the legislature thought it unnecessary to spend more. The appropriations were made to be spent in case of a flood such as had never before occurred in the state, and the state had already spent $500,000, which was sufficient to meet the emergency. The local government of South Carolina had already spent $500,000, and the state had already appropriated $500,000, and the legislature thought it unnecessary to spend more. The appropriations were made to be spent in case of a flood such as had never before occurred in the state, and the state had already spent $500,000, which was sufficient to meet the emergency. The local government of South Carolina had already spent $500,000, and the state had already appropriated $500,000, and the legislature thought it unnecessary to spend more.
NORTHERN FARMERS WILL HAVE COUNTRY EXHIBIT

Through the efforts of the Chicago Board of Trade of the State of Illinois, the Northern Farmers will have the opportunity to display their produce at the Chicago World's Fair through the cooperation of the Northwestern Illinois Agricultural Society, the Illinois State Agricultural Society, the Illinois State College of Agriculture and the Chicago Board of Trade. It is estimated that in the product of the Northern farmers will be displayed at the fair.

Avenue of Flowers

It was estimated that the avenue of flowers would be 100 feet wide and 20 feet deep, with a center aisle 10 feet wide. The flowers would be arranged in a checkerboard pattern, with the flowers of one type in the center of each square. The flowers would be displayed in a variety of colors and shapes, and would be arranged in a way that would create a pleasing and immersive experience for visitors.

Armenia News

The recent events in Armenia have been followed with great concern and sympathy by people throughout the world. The conflict between Armenia and Azerbaijan has caused much suffering and loss of life. The United Nations has called for a cease-fire and a peaceful resolution to the conflict. The United States has offered to send a special envoy to the region to help mediate the dispute.

The S. M. Jones Company

LOCAL AND PERSONAL

Mr. and Mrs. H. B. Williams of Lake City, after a former prolonged residence in Charleston, have arrived in the city yesterday evening.

Miss Bertha Brown of Augusta, who has been a constant resident in the city for the past eight years, arrived by train this morning for a visit.

Mr. and Mrs. Frank Clark, Jr., of Atlanta, who have been on a business trip to New York, arrived at the train station yesterday morning.

Mr. and Mrs. W. S. Wolf and two children, Walter and Jane, have arrived in the city this afternoon. They are to remain here until the end of the week.

Miss Ethel Howard of New York, who has been visiting in the city, left this morning for her home in New York. She will return on Tuesday afternoon.

The Southern Power Company, wishes to avail itself of this opportunity to express its grateful appreciation to the public for the patient forbearance in which it has borne the inconvenience occasioned by the catastrophe during the past week. We also desire to express our heartfelt thanks to each employee for his loyalty, devotion to duty and heroic effort in the restoration of service.

While it is true that our losses have been nothing less than enormous, in fact nearly all our terminals for the last 17 years, have been either temporarily or absolutely destroyed.

Added to all this have been the severe weather conditions which have prevailed every day since the water floods, and in the event of any slight interruptions during more difficult and in some instances destroying it almost immediately as it was installed.

When we look back upon what we have passed through, we find ourselves in a much better position to handle the situation. Our losses, however, have been nothing less than enormous, in fact, have not yet nor can they be determined for weeks, we are nevertheless indeed gratified to announce that beginning Monday, July 24th we will be able to resume service to all points on our lines, with only four exceptions. As to these exceptions, every effort is being expended, and every resource is being utilized to hurry the work, and we hope to resume service at these points before the end of the week.

What effort this has entailed can be slightly appreciated when one recalls that in addition to the injury to our plants we have had destroyed across the Catawba River seven electric circuits out of a total of nine, every bridge has been swept away, railroad transportation has been absolutely suspended and all communication by wire has either been seriously damaged or absolutely destroyed.

The S. M. Jones Company
