COLUMBIA, S.C., August 7th.

A large crowd from this community attended the campaign meeting at Longwood.

Mr. and Mrs. Carter, of Cedar Springs, are visiting relatives and friends.

Prof. and Mrs. W. S. Hall, of Pickens county, who have been visiting Mr. and Mrs. W. B. Bankhead and I. A. Rock, of Chester, are visiting the school teacher, visited here last week.

News reached here this morning that Mr. W. C. Burdett had died. His body, well loved, was carried to the Quirins road, is the rest place of Mr. Burdett, who has been a member of the church for many years.

These lines possibly are dull, but I want you to know that I have done as much as I could with the material and text that I have.

One paragraph and one sentence: I have been trying to mention the fact that the church is not being used to its fullest.

A large majority of this week's reports, representing sections in every county of the State, show that the crops have been grown in most sections, with the exception of the southeastern counties where the cotton has been injured by water. In Pickens county, where the cotton is not injured, the rainfall amounted to from one to three inches.

MARTHA T. — It is now practically certain that the infants Maria Teresa will be a success when she comes, and she will have a place near the bed of her father. We have been at the hospital, and it is said that the baby will be born next week. The mother is in good condition, and the doctor is satisfied that the birth will be顺利.

The Maria Teresa.

The Maria Teresa is to have a cotton oil mill soon, and that it will be the best of its kind in the state. It will be very important to have such a mill here, as it will provide employment for many people and will add to the wealth of the community.

THE SATURDAY EVENING POST.

Of course

The raising of wheat must be assured, and the rate of 17 or 18 bushels to the mill will be the rule. We must be prepared for any eventuality.

A Narrow Escape.

Mr. J. B. Williams, of Laurens, has been in the hospital for some time, and is improving daily. We hope he will recover soon.

We have heard many good things about the new mill at Blackstock. It is said to be a very fine piece of work.
