The Duty of the Christian World.
Caroline Taverner, a teacher, who has been for several years a laborer in the cause of the Christian World, recently visited this city. She
resided here six weeks, and during that time was engaged in visiting the different churches and schools.

The Christian World has been in existence for more than sixty years, and has been successful in its object. It is a society for the
promotion of the Christian principle, and the object of its labors is to spread the gospel throughout the world.

The Christian World is not an exclusive society, but it is open to all who believe in the Christian principle. It is not
limited to any particular sect, but it is open to all who believe in the Christian principle.

The Christian World is not a political society, but it is open to all who believe in the Christian principle.

The Christian World is not a religious society, but it is open to all who believe in the Christian principle.

The Christian World is not a social society, but it is open to all who believe in the Christian principle.

The Christian World is not a literary society, but it is open to all who believe in the Christian principle.

The Christian World is not a scientific society, but it is open to all who believe in the Christian principle.

The Christian World is not a philosophical society, but it is open to all who believe in the Christian principle.

When you Buy FURNITURE
You must depend to a large extent on the honesty of the dealer.

We ARE NOT ANGELS
(If we were we would be out of business) but whatever you buy of us must be as we represent it to you or your money back.

When you buy a steel range on its last day of the year, you receive a day's life. A little "fireplace" will help you.

We Recommend Genuine STEEL RANGES
Because we can afford to do—we know they are all manufactured under the watchful eye of men who have no interest to conceal. We recommend genuine steel ranges because no painted or enamelled range could stand the heat, and you know what a range can do when it chops and turns white, how hard it is to clean.

Jewels are made of Blue Planned-Steel, the smooth kind.

A LITTLE DEFECT
In the eyeight of them who behold
The world in all its finery,
It is a pleasure to receive
And to search for beauty in the midst of life's trials.
