For Tatler’s Appearance of May Day Festivities

The Lost Planet is an annual forensics tournament now in progress. Former Dean of Students Sylvester Lowrey, chairman of the May Day committee, issued invitations to all of Winthrop’s high schools in the preceding phase of Grand Eastern. Representatives from 150 high schools and 50 colleges are participating in the seventh annual Grand Eastern Forensics Tournament now in progress.

The plans submitted were first examined in committee, and the Judging Committee held a meeting for the six plans. The plans were returned to the College, to eat, sleep, attend classes, and to be ready to give the best performance possible. The plans were returned to the College, to eat, sleep, attend classes, and to be ready to give the best performance possible.

We, Too, Have Our Rationing

It's usually the business of a Campus publication to seize the front page and go all out to defend the nation's honor in wartime, just as our war buoyers must. But now we have another duty—saving our paper. There are some shortages of a wartime nature. We hope to get along all right, but we now have before us the chance of putting into practice our own rationing. We'll try to do it now.

You know the reasons why, just as we do. But in a brief, here they are again. The paper is very short, and the printing material has been greatly reduced. Your daily copy is being reduced to a size of 8 by 10 in. and the size of the Courier will be smaller. This is not to be taken lightly. Our ink supplies will be cut sharply. The paper will be made thinner, and the quality of the engraving will be made lower. The second chain, newspaper shortages are being advocated for all of us. We are making it difficult for them to get enough paper. We are rationing in the same spirit as in World War I. The most difficult and the most mysterious job in the world is the job of the printer. The skilled printers and shop workers are being called into action. We'll try to do our best.

Presenting The Facts

The program in chapel last week in which the facts about Winthrop, her students, her faculty, and her administrators was a must. It is a story that should be clear in every student's mind. The meeting of the student body was what we've all been waiting for and have needed. It brought all into the inner circle and, above all, answered the meeting of the student body should feel more adequate. It is the duty of the public relations committee to present the facts clearly and concisely in language that could be understood by all. It is up to us to see to it that the program does not fall through. It is clearly in plain language that could be understood by all.

We have proposed a few of these, and maybe you like your plan. It will be more or less voted upon at the next meeting. We appeal to the past, present, and future, will more or less hang on this one.

PHIL U: Winnie? Winnie? Winnie!

Not so long ago the musical department broke the ice, so to speak, by having the boys back to the big band. Last week Phil U took a band in keeping with the spirit of the times. The idea of a “Winthrop USO” center for our boys who are going away and after supper the fellows can go to the entertainment and have a fine time building and dance by records or play games. It may be that Phil U and other groups in the campus belong to Joann Wood, the administration of the women's department acting as business, and we'll have a fine time.

New Corps For Health

And Victory

Nearly 300 Attend Friday Night Fraternity Meeting—Marching, Gymnastics

Three hundred energy-packed Winthropians hit on slippery slopes and super good health took off on the athletic field last week to send Winthrop's Victory Corps off on its long

PFI Campaign Gets Into Full Victory Swing

Winthrop students will be displaying a new sign this week and the part they are playing in the college physical fitness drive will be played as a scene in the new picture, "The Thin Man." Studio manager Don Boll, a member of the Corp, will be one of the featured players in the film.

Six Picked On Varsity Term of '43

Class Of '41 Champs For The Third Consecutive Year

The selection of four juniors, one sophomore and one freshman to the 1943 Winthrop basketball varsity this week eliminated one of the highest-billed basketball athletes ever run off on the campus.

Global basketball is the chief feature of all varsity clubs, and the junior basketball teams have starred in the season's biggest event.

The college champion, entered by Silo Whittington and Marilyn Cooper, was chosen through all competition without a single omission. The team is made up of three-inchers for the final competition, but the competition was not easy.

The team consists of six members of the senior Victory Corps, and the remainder of the team is composed of juniors.

For the final round of competition, the team is composed of juniors.

The selection of the team was by an able committee composed of junior members.

For the boy's team, the selection was made by an able committee composed of juniors.

For the girls' team, the selection was made by an able committee composed of juniors.
