**RARE OLD CHESTER.**

Visit to This Ancient City Founded by the Romans.

There is probably no city in England that is more ancient than Chester, or that is more historically important. The city was founded by the Romans in the first century A.D. and has been inhabited ever since. It is located on the River Dee, which flows through the city from north to south. The Romans built a fortress here, which they called Deva. This fortress was the site of the city of Chester until the Middle Ages, when it was destroyed by the English. The city has a population of about 100,000 and is known for its beautiful architecture and its rich history.

Young Men's Suits

There are several new wrinkles in Young Men's Suits this fall. We know that young men like to be young and like to be right up to the moment in style.

NOW, MR. YOUNG MAN—from 16 years up—you are just the one we want to see. Most people are not particular enough to want some clothes. We want some one who knows what's what about styles and will not take just anything he finds in the average ready-made store.

"The dispensary medicines have 
been very effective, and number of cases have been treated with 

success. It is a wonder at the rapidity with which the patients 
are cured. The efficiency of this preparation is unequalled, it is so 

likely to suit all cases, and is so easy to administer. It is 

recommended without reserve.
