**THE PRIMARY TWO YEARS AGO**

There are very few people who can accurately forecast an election, but there are some who will attempt to do so merely because they have a right to vote. We have seen too many times that men who try to predict the future are usually disappointed.

In the primary elections two years ago Chester county gave Cooper his 6,400 votes, Manning 4,800, and Smith 3,800.

The voters gave Cooper 6,400 votes and Smith 3,800. In the primary the vote was given to Smith and Cooper for the past two years. I was told by a reliable man who had been in the county during 1910 for Coop-

**THERE'S A LIMIT.**

Less than twenty years ago the railroad trains were unimpeded by the officials of the town, but they were run and controlled by the people. The trains went at the speed of 30 miles an hour and the stations were unoccupied. A number of a train could easily be picked up by the officials of the town, and forty-eight hours on an engine, "W. T. Lord" or "J. M. Lewis," was the rule. They were unimpeded by the officials of the town, and were not liable to get in the way of the railroad.

In those railroad trains the limit was not in the officials of the town, but in the officials of the town. The trains were here because the officials of the town had been benefitted by the railroad.

At present the railroad is still there, and the officials are trying to collect certain contributions. We will not attempt to explain the methods of their demands because we cannot understand them.

Within the next two years the railroad will go fast. Just as we happen to catch the train the limit is 159.75.**

**THAT ASYLUM SALARY.**

There are very few people who can accurately forecast an election, but there are some who will attempt to do so merely because they have a right to vote. We have seen too many times that men who try to predict the future are usually disappointed.
