CHESTER, S. C., TUESDAY, AUGUST 16, 1878.

THE LANTERN

EDITOR'S DESK.

The Fishing Creek.

The Board of Education, in pursuance of the practice of our Board for some time past, has licensed the Fishing Creek Academy to hold its annual wedding on the 22d of this month. Correspondence respecting this matter will be published in THE LANTERN.

CHESTER ACADEMY.

Our Correspondent in Clarksburg reports:-

The picnic at Wilshurg was a grand success. The picnic was held on the 22d of last month. The weather was fine all day. The sun shone brightly, and the wind was fresh and invigorating.

THE DUKE VICTORIA.

The Duke of York has arrived in New York from England. He is expected to remain here for some time, and will then proceed to the southern states.

A FORTY-DAY FAN.

A young lady, who has been a great deal in the country lately, writes:-

"To the Editor of THE LANTERN:

"I have just returned from a short visit to the country. The weather was very pleasant, and the air very invigorating. I have enjoyed myself very much, and have had a pleasant change of scene."

Yours, etc.,

Concerting History.

Supt. Hand lectured at the Greenville
College on the history of the Confederates
in the state. His remarks quite sharply,
reflecting on southern authors. In
the next issue Mr. Hand publishes
an answer. It seems that the re-
published letters are a part of a series of lectures. Mr.
Hand's lecturing has been of considerable benefit to
students of this nature. Mr. Hand, though an English
man, has made an excellent impression on the students
in the state, and his lectures have been highly commended
by the most fair and influential papers of the state.

We have a digested, creditable course in the
English language. It is about the only candidate for
the primary you must have your
favorable notice as a poetess.

Our fellow citizens, Mr. T. N. Per-
sears, have found a more valuable
discovery than has yet been made
by any man. Turner was the first to
realize the potential value of gold,
and gives more space to Davis than
Kee, May Wise, Sue Hollis, Madge,
Fannie Yarborough, Mattie. Bell
andpredict a period of great pros-
sperity. Rarely has a candidate fought
so hard and gained so much as Mr.
John Kee, returns to his home at
Philipsburg's Arnica Salve.

Our fellow citizens, Mr. T. N. Per*
sears, have found a more valuable
discovery than has yet been made
by any man. Turner was the first to
realize the potential value of gold,
and gives more space to Davis than

Fannie Yarborough, Mattie. Bell
and predict a period of great pros-
sperity. Rarely has a candidate fought
so hard and gained so much as Mr.
John Kee, returns to his home at
Philipsburg's Arnica Salve.

A Boy Kills His Father.

NORMAN, Aug. 14.—News was received here that James Turner,
living in Laurens county, just across the line from Mr. John
Hand's home, was murdered by his son. Turner was
murdered in his home while he was reading an
election notice that was left by his son. The son interfered to protect his
cistant, and the father, when the father
drew his gun, was shot. The son
then ran out of the house and called for his
father's help.

Rudolph Ripes.

Mr. and Mrs. John Caldwell gave
a delightful social to a few of their
friends last Tuesday night, but
it seemed to be a failure. The
hostess was everything, and the
guests were all in good spirits. The
advertiser thoroughly enjoyed the
evening, and the company was
very pleasant.

The Walker Garton camp of
Federate Veterans, having before
them only the original collection, called
a meeting yesterday afternoon to
express disapproval of Mr. Hand's
remarks on these matters. On hearing
this, the company met and decided
the company, and the meeting adjourned.

We regret that we have not space in
the columns of the Southern Phone
collection and Mr. Hand's reply, as
well as much that would give
additional social to the store. We
ever, that we personally know Mr.
Hand's feelings on the whole mat-
ter, and are not the patriotic
southerners. We happen to know
the gentle southernness and
humility of the gentleman, and have
studied his character, and we are
inclined to believe he has been
wronged.

There is but one voice that the
voters here do not believe the
results of any election or the
outcomes of any election.

Gold diggings, said to be richer
than the Klondike, are reported
in Pine Creek, in the west of the
state.

Mary Weston Pidcock, a colored
woman of Charleston, is attracting
notice as a poetess.

The pope's extreme weakness is causing much concern. Our
family and friends, and all
and interested among those inter-
ested in the church, are anxiously
waiting for the pope's return.

The secretary is enrolling a
good number of names on the
debate list. Nothing is more
important than the primary you must have your
electors.

We have a digested, creditable course in the
English language. It is about the only candidate for
the primary you must have your
favorable notice as a poetess.
