THE COTTON MILLS

Their Assessment by the State Board of Equalization.

The State Board of Equalization has divided its labors and has presented an assessment roll for the properties in the state coming under its jurisdiction. It has been said that the assessment roll is published so that all persons who object to the assessment may make their objections known to the State Board of Equalization. It has been further said that the assessment roll is presented to the State Board of Equalization at its next meeting.

The Buyer for the New York Racket Store
is now in New York City among the great northern markets of his country, scooping up thousands upon thousands of Bar-
gains for his many friends.

Space has to be made for this tremendous Fall Stock that he is buying. To make space Klutz told his Clerks before leaving that what he had left there must be gotten out before his return, and to fix the price to the suit of people, a few medium weights that will do till the next week, and to make sure of getting these you had better buy them soon or lose one.
