A common mistaken idea
When you think of a roof covered with iron
the first thing that comes to your mind is its
overblown qualities for strength and durability. But did you ever stop to think how
easily it will rust, and then that coat holds it up
and your roofing in some. Rubberoid Roofing
doesn't rust—never looks—easily put up
lasts longer than iron or steel. And you
save money by putting it on—save money on the actual cost.

What you need first
Is a man with business capacity to buy goods cheap and the
thing is to be willing to sell them at a
cent margin. I have maintained my reputa-
tion for being a cut price grocer. I hav
now cut out the middle man and come
you offering to sell you
Splendid main style Sugar Corn at 75c a can, as good
you can buy any place at.

A tremendous pile of the justly celebrated P. P. T.
beans, reduced from 45c to 35c pound—by the box or
piece. If you should not mind this
You will find everything you need at a
exander's. Kind, courteous and promi
