What is a Round Robin? The True Significance of the Sai- dian Device to Escape Punishment.

Much has been seen in the papers about Roosevelt’s round robin to secretaries of state and ambassadors. Probably the most superficial view is that the round robin is to avoid personal and individual responsibility. What is really important is the result or the spirit of the information, hence the order of signing is concealed in order that it may be equally responsible for it.

In Roosevelt’s case, Johnson an incident is told of a literary lecture at a dinner, at which the epistles which William Gladstone by Dr. Johnson became the talk of the dinner party. Many changes were suggested. It was desired to get them before the better candidate offering himself for Congress.

At last it was hinted that there could be so many good so as that a number of them would be made, which make one of them on the issue. We all want the new one to be signed by W. M. W. was the first to do so last to the paper.

When the round robin ship was made an appeal for better freedom, or a protest against some unsatisfactory condition of the government, that it might be dignified, the spirit of the round robin was seen in the Bill to dispose of the candidates for the executive.

Too Much Top Crop.

Mr. E. T. Valentine writes to the New York Times that he has been witness to situations for higher education in this state. Mr. Valentine, an educational institution, has been carrying on the higher educational system and preparing for the time when the State will not be able to support it.

Mr. Valentine compares the public school with cotton plants which can be grown better with the higher educations system and preparing for the time when the State will not be able to support it.

CAR LOAD OF OWENSBORO WAGONS!

Having had so many inquiries for the famous OWENSBORO

WAGONS and becoming convinced that it is the last wagon on

the market we have decided to handle these wagons exclu-

sively in the future. We have just received a

Car Load of Owensboro Wagons,

consisting of all sizes, low and high wheels, brood and narrow

and fine, and offer them on easy terms for cash and on credit.

We have positive instructions from the factory to

GUARANTEE THESE WAGONS

to be as good as any wagon made on earth. Anyone wanting a

first-class wagon will save trouble and money by calling on

us.

The following testimonials speak for themselves. We would

publish more but cannot for want of space:

About six years ago I purchased an Owensboro wagon and have

had it in continual hard use ever since. Last summer the

contractor asked permission to move this 2 1/2 inch wagon for

holding the larger bodies, weighing 18,000 pounds each, for the

water works plants. One of these was handled successfully

without any injury whatever, the distance being about one mil-

ile, the nose against the curb, and the wagon standing at a

sharp angle. I had this axle replaced and am using this wagon to do my heaviest hauling.

Another wagon, the very best made.

Chester, S. C., Aug. 23, '98.

W. W. BRICK.

I have drayed with an Owensboro wagon for 5 years. I consider it a

worthy competitor for any other make, have worn out one set of tires and haven't any repairs done on

it. I have hauled snow as long as any wagon, and despite this time, not even had to cut the tires. I consider the best wagon I ever owned.

Weirsville, S. C.

JAMES T. McGUI.
Mr. Wm. Barber, who has been spending several months with relatives in the county, left for Texas yesterday.

Capt. Pycrof Whyte, of Wimington, passed through the city Friday afternoon on his way to the naval academy at Annapolis.

Oak Grove.

The series of protracted meetings are about over and our people have been very much gratified. The regular order of the day is as follows:

Mr. John Brown of this place expects to start in a few days with the 3d period. Mr. John H. B. Headley has had a spot sent to his residence by Mr. John Brown of Oak Grove, who has also had one put at his mill. The circle was organized by Mr. John Brown, and was opened at 6:30 in the evening.

Children's day at Arama was a success, so far as we are aware, for the remainder of the proceedings of the day I face a blank. Our children chanced to be present again at Arama.

It is under the auspices of Mr. John S. L. Steed, who has been a successful leader for many years, and we hope that this year will be as successful as they can be.

Mr. and Mrs. T. J. Reeder have been visiting here for some time, and are expected to leave Friday for Fort Worth, where they will spend two weeks or more with their daughter, Nellie E. H. Strong, before returning to their home at Rock Hill.

Mr. T. J. Grant, who has been at work in the vicinity of Smitties, Torrance, for some time, has returned home, and will accompany him on account of general sickness.

Bucklin's Arnica Salve.
The Best Salve in the world for: Scalds, Burns, Wound Sore, Ulcers, Rheumatism and all Skin Eruptions, and passed under the personal inspection of the Central Europe Horticultural Society. It is guaranteed to give perfect relief. It is with pleasure we publish the following: This is to certify that I was a terrible sufferer from Constipation, and was treated by some of the best physicians in our city. Dr. Bell, our leading practitioner in this disease, prescribed this terrible malady. I am grateful for this cultivation.
