I take this means of expressing my feelings to you, my friend. The people who are responsible for the want of a Democratic vote are those who are at the head of this movement. This is the office that I am running for and the man that I am running against.

Both the South Carolina and the Central Republican, and the South Carolina Republican are the official organs of the Democratic party in the state, and the Republican party is not to be considered any sort of a political organization.

The greatest evil of the South Carolina State Convention is the neglect of the press by which the party is to be represented, and which is the only means of communication with the people. There is a necessity for the people to be educated in politics as much as they are in the law of the land.
