The Lantern.

Vol. VII. No. 58.

Chester, S. C., Tuesday, September 13, 1882.

Chester.

A Day in Chester.

The modern city of Chester has been described as a typical southern town. It is a city that stands on the banks of the Catawba River, about twenty-five miles inland from the Atlantic Ocean. Chester has a population of approximately 15,000 people, and is known for its rich history and cultural heritage.

Chester has a number of landmarks and attractions, including the Old Graham House, which is now occupied by the Chester County Historical Society. The city is also home to the Chester Museum of Art, which houses a collection of American and European art.

Chester is well known for its availability, and is a popular travel destination for people looking for a unique and authentic southern experience.

With its rich history and cultural heritage, Chester is a city that is sure to impress visitors with its unique and authentic southern charm.

The text contains a mix of narrative and classified information, including advertisements and a newspaper column. The content is not clearly structured and appears to be a collection of various unrelated pieces of text, possibly from different sources. The text includes advertisements for Wylie's, a description of Mantel Architecture, and a notice about a lawn party. There are also variousclassified pieces of text that are not fully legible or coherent. The overall quality of the text is poor, with many sentences that do not form complete thoughts or paragraphs.

Mr. and Mrs. J. B. Alexander and son, Mr. W. L. Hardin, on a visit.
Cash or on Time. If you are at the market the next Saturday afternoon, you should have the chance of seeing the Band of the 40th Infantry, which will be on the grounds. It is a fine organization and a credit to the state and the nation.

Edward D. Bowers.

FOR THE PUBLIC GOOD.

This will interest every reader of the Advance. You can instantly verify the following statements, and if you have any other information about the matter, please let us know. It is in the interest of the public that we should have as much information as possible.

Tuberculosis Treatment.

Prof. Jacob, first physician of the first South Carolina State Hospital, reported a few days ago before the society for internal medicine and surgery that he had been treating a new mode of treatment of this disease with great success. He added that the patients have shown great improvement in the last few weeks. He also stated that the patients have shown a marked improvement in the last few weeks.

For your own benefit or for the benefit of your family, please get in touch with the medical authorities for more information.

Mother and Daughter Die of Pneumonia.
