A Day in Charleston.

Charleston is a city of about twenty-five hundred.

The weather here is really cool in the morning, and hot in the afternoon. The days are long, and the nights are short.

The streets are clean and the sidewalks are broad.

There is a good deal of traffic on the streets for sale.

The people are friendly and hospitable.

TUESDAY, SEPT. 13, 1904.

I brought forward to preach

in Ihe church by the pastor]
Miss Bisbee Cooper arrived in the city yesterday to resume her work as a nurse in Calvary's military service.

Mr. J. D. Alexander and Mrs. M. A. Turner have been visiting in Chester and are at their future home.

Mr. and Mrs. E. A. Corkill spent Tuesday night at the home of Mr. A. D. Holler, on Pleasant Street.

The case of Orr vs. the L. & C. Ry. Co., who sued for damages on account of negligence, was argued in the Court of Common Pleas yesterday.

Miss Maggie Hardy, daughter of Mr. and Mrs. S. C. Hardy, arrived in the city yesterday morning on their way to Washington, D. C., in the interest of saving patent rights pending in the U. S. patent office.

Miss Marvel Allen, who has been in the city for the past few days, is expected to leave today for New York, where she will attend a convention of the U. S. Patent Office.

Mrs. A. J. Alexander and Miss Alice Alexander, of Charlotte, are expected to arrive in the city today for a week's visit with relatives in Rock Hill.

Miss Mary J. Lee, who has been spending a few days at work in Charleston, will resume her duties at the office tomorrow.

Mr. and Mrs. E. A. Corkill, who have been visiting their friends in Chester, will leave today for New York, where they will remain for the summer.

Miss Marvel Allen, who has been in the city for the past few days, is expected to leave today for New York, where she will attend a convention of the U. S. Patent Office.

Miss Mary J. Lee, who has been in the city for the past few days, is expected to leave today for New York, where she will attend a convention of the U. S. Patent Office.
Tuberculosis Treatment.
Prof. Jacob, first physician of the school of medicine, has a new and high claim on his profession by his recent treatment of tuberculosis. He states that in a case recently treated he has had splendid success, and that the patient is now enjoying perfect health. The treatment is founded on the principle that the human body can fight and overcome tuberculosis if given the proper stimulus. By his method, the patient is placed on a diet that promotes the growth of healthy tissue, and is given a series of injections that stimulate the body's natural defenses. The results are remarkable, and Prof. Jacob is now receiving a large number of cases from all parts of the country.

Mother and Daughter Die of Fevers.

Chester, S. C., Friday, Sept. 23rd.

Mr. and Mrs. J. T. Coogan, of this city, died of fevers on this morning at 3 o'clock. Mrs. Coogan, who was a well-known and respected citizen, was a member of the Methodist church, and was unmarried. She was 35 years old. The body was taken to the Coogan brothers' subscription for burial.
