**THE LANTERN.**

Vol. IX. No. 99

CHESTER, S. C., FRIDAY, SEPTEMBER 14, 1906.

**CONDITION OF CROPS.**

General and State Statistics. This Week.

Washington, Sept. 10.—The report of the Bureau of the Census in the Department of Agriculture, issued today, gives the returns of the tobacco crop of Georgia.

The crop is said to be the largest ever grown in the state, and to be in a very good condition for market. The total yield is estimated at 40,000,000 pounds, with an average price of 16 cents per pound.

The report also gives the returns of the cotton crop, which is said to be in a fair condition for market. The total yield is estimated at 1,000,000 bales, with an average price of 12 cents per bale.

**BALES GINNED.**

The number of bales ginned in the South as of September 1, 1906, was 1,467,000. This is an increase of 258,000 bales over the corresponding period of last year.

The number of bales ginned in the North as of September 1, 1906, was 1,040,000. This is an increase of 172,000 bales over the corresponding period of last year.

The total number of bales ginned in the United States as of September 1, 1906, was 2,507,000. This is an increase of 430,000 bales over the corresponding period of last year.

**CONDITION OF SUGAR CROPS.**

The sugar crop of the United States for the year ending August 31, 1906, was estimated at 300,000 tons, with an average price of 24 cents per pound.

The sugar crop of the world for the year ending August 31, 1906, was estimated at 1,200,000 tons, with an average price of 20 cents per pound.

**INDIAN TERRITORY.**

The Indian Territory is said to be in a fair condition for market. The total yield is estimated at 200,000 bushels, with an average price of 10 cents per bushel.

**CONDITION OF COTTON CROPS.**

The cotton crop of the United States for the year ending August 31, 1906, was estimated at 1,000,000 bales, with an average price of 12 cents per bale.

The cotton crop of the world for the year ending August 31, 1906, was estimated at 2,000,000 bales, with an average price of 10 cents per bale.

Concert Building Material.

During the past two years a considerable number of school houses, colleges, and churches have adopted the concert building material, and during the past year several hundred new houses have been erected with this material, and in a large number of cases it has been used in the addition of old buildings. The following table shows the number of houses built with the concert building material during the past year in the various states:

<table>

MAIN STREET, CHEROKEE, S. G.
LOCAL NEWS.

Miss Ella Knox has returned from a pleasant visit at Knox station.

Miss C. W. Shull is visiting at the home of Capt. K. F. Moore.

Misses Beulah and Sue Craig, of Blackburn, spent yesterday in the city.

Little Miss Sarah Cole White is spending the week with Mr. W. F. White's daughter.

Miss Louise Elliott, of Winnabow, has been with her brother, Mr. E. W. McConnell, in Washington for a few days' visit.

Miss Hetairan Molds returned Tuesday on a visit to her grandmother, Mrs. O. S. Scott's family at Carlisle.

Mr. G. B. Winder and two little sons spent a few days with their sister, Mrs. W. H. Sanders.

Mr. Ernest Lealouer, of Winnabow, spent Saturday with his brother, Mr. Misses Crawford, and is now clerking for H. G. C. & Co. at Winton.

Master Howard Carriage arrived home Wednesday from Davidson Hall, where he has been spending the summer.

Mrs. R. D. Nun, of Columbia, is back home again, having returned home to visit her mother.

Mrs. E. E. McDonald, near Kowvyley.

Mrs. Martha Austin left Wednesday on a visit for Kansas City, where she has been spending the summer.

Mr. O. W. C. Brown and Mr. J. W. Leach, of Lumberton.

Miss Helen Perry, of Havelock, spent the week with her brother, Mr. R. E. N. Austin, and at Mr. Lewis Austin.

Miss Helen Eouer, of Chester, has been elected teacher of the Rock Creek school, and assumed her duties the first of last week.

Mr. Hugh Buckau, of Due West, returned Tuesday from Waynesboro, Ga., where he spent the summer with his uncle, Dr. Hugh McLendon, during which time he will return to Kowvyley, Ky. in the fall, to continue his studies in medicine.

Killed by Lightning.

Mrs. T. R. P. Pursley, of Henry street, rear of home of Mr. J. W. White, was killed by lightning yesterday morning on her return home from a visit to her mother.

The tragedy occurred at the home of Mrs. C. T. Thomas, where Mrs. Pursley was visiting, and it is reported that Mrs. Pursley stepped out of the house to go home and was struck Just as she left the door. Death was instantaneous.

Electricity Is the Proper Power to Use.

Possibly you are satisfied with your present system of working, but would you not welcome a proposition to equip your plant for using electric power?

Would you, if we could prove to you that electric power would save you real hard dollars and cents?

Would you, if we could prove to you that electric power would save you money, turn, for instance, a high-pressure plant which would be too expensive to operate with your present system of working?

Would you, if we could show you that electric power could reduce the chances of breakdown and loss of production?

Would you, if we could show you that it would mean more and better light in your works?

If this kind of money-saving proposition will interest you, just write on.

We can give you plans for using electric power from an outside source, and also supply a complete plant for you that will generate your own power outside and supply it independent for power and light.

We need your invitation to outline the whole proposition.

All kinds of electrical repairs given prompt attention.
