Due West Female College.

The decision to withdraw from the college was made after many discussions with the administration and the students. It was a difficult decision, but it was necessary to ensure the continued success of the institution.

The future of Due West Female College is uncertain. The decision to withdraw was made with the best interests of the students in mind. We hope that the institution will continue to thrive and provide a quality education for its students.

Our hearts go out to the students and faculty of Due West Female College. We wish them all the best in their future endeavors.
