New York, September 17.—Before
that the war will continue at least as
long as the French are in the field, it
was revealed yesterday that the French
are likely to accumulate an army of
half a million men, while the Ameri
can forces in the field will number only
about 100,000. The French are now
making preparations to double their
forces, and it is feared that the Ameri
can army may have to fight its way out
of the lines of the enemy.

The United States has ordered the
building of a new fleet of destroyers,
which will be equipped with torpedoes
and equipped to transport troops. The
destroyers will be armed with 12-in.
turrets and will be capable of grazing
the enemy's lines.

The French are also making prepations to launch a new fleet of airships,
which will be equipped with wireless
communications. The airships will be
equipped with machine guns and will be
capable of flying at an altitude of
40,000 feet.

The British are also making prepations to launch a new fleet of torpedoes,
which will be capable of striking the
enemy's lines. The torpedoes will be
equipped with wireless communications
and will be capable of striking the
enemy's lines at a distance of 10 miles.

The British are also making prepations to launch a new fleet of subma
ners, which will be equipped with
torpedoes and equipped to transport
troops. The subma
neres will be
equipped with 12-in.
turrets and will be
able to graze the
enemy's lines.

THE WHEAT CROP

200,000 acres of wheat in this year's crop will pay the expenses of the Home Demonstration Movement for a year. It is also stated that these 200,000 acres of wheat will be harvested by the spring of next year. This will re-establish the status of wheat as a valuable crop in the county. However, instead of offering to buy wheat at a rate of 30 cents per bushel, the government has offered to pay the farmers 20 cents per bushel.

THE MAIL ORDER HOUSE

In South Carolina, and in the South in general, the mail order house is well established. They are not only advertised in the name of the house, but also in the name of the person who is the agent for the mail order house. Along with better organization, it is important to have better leadership.卖掉棉花

LEAVING A LEGACY

The last regular examination for cotton grown in the state will be held at the Court House Frideris, S. C., on the 18th of October. No inspector can be legally appointed to teach in the public schools of the county (or any other county) who has not been a registered cotton inspector in the State Department of Agriculture during the current year.
