HACKNEY BUGGIES.

JOHN FRAZER, Live Stock, Vehicles, Harness, Etc.

Wanted Boy in Par of Republicans. Jackson, Ga., Oct. 1.—Referring to the accusations that he had been bribed by the Republicans to make Gentry's show to be entertained and to agree to write an article favorable to the Republican ticket, Mr. Van Doren says he would do either if he could get the money. He has no more bribed to advocate it than he has been bribed to write the article favorable to the Republican ticket. PLANT DISEASES

A regular diet of each and every kind of food will do much to prevent plant diseases from attacking your crops.

A Successful Farmer.

In planting one to keep the good stay and the bad away, the farmer has to be a keen observer, even getting advice from his friends, if he is to succeed.

David Mrs Day's Life

"If these are but the last year of our marriage, I promise that I will be true to my word, and while I love you, I will love you as long as I live, and as long as life shall continue.," said Mrs Day.

How to Prevent Plant Diseases

To prevent plant diseases from attacking your crops, follow these steps:

1. Keep the soil well drained.
2. Plant disease-resistant varieties.
3. Use clean, disease-free seeds.
4. Practice crop rotation.
5. Properly store fall-planted bulbs and tubers.
6. Destroy diseased plants immediately.
7. Use appropriate fungicides as needed.

These steps will help protect your crops from plant diseases and ensure a healthy harvest.

New Laboratory Tests

A development of a new laboratory test is reported by the Duke University laboratory. The test involves the use of a special reagent which reacts with plant materials to indicate the presence of certain diseases.

Dr. Shoop's Restorative

"All Dealers"

Dr. Shoop's Restorative is a scientifically formulated product designed to promote healthy growth in plants. It contains essential nutrients that are critical for plant development.

Stylish and Attractive

Printing cases no more than the other kind. It is more of a result than a product. The user is progressive and modern in his business methods. To obtain this sort of printing you'll find the best result in printing cases, which you will find in the excellent Washington Printing Co., Chicago, Ill.
