MAJESTIC BAKING DEMONSTRATION
One Week, October 8th to 13th, 1906.

We hereby invite our friends to call any day during the above-stated week and we will demonstrate the superior qualities of our New Majestic Malleable and Charcoal IRON RANGES.

**HOT COFFEE AND BISCUITS FREE**

With every range sold during this Demonstration we will give absolutely FREE one set of Majestic ware worth over $6.00. This ware will be an exhibition at our store. Everything useful, ornamental and decorative. Come in and see it, and you will agree with us that it cannot be bought for a cent less than $7.50, and it is cheap at that.

Come in any day, you are welcome whether you intend to buy or not.

Yours for Business

CHESTER WESTERN STORES
In order to supply the demand for fresh hams and breakfast strips.

I have a shipment every week to express this hot weather which arrives right fresh from the smokehouse, King's Reliable Hams and Breakfast Strips. Agent for Teyler's Teyes; nothing better for ice tea.

**CHOCOLATES & BON BONS**
Always Fresh.

**JOSE A. WALKER**

---

The Laymen, Mr. and Mrs. B. L. Poole and children, returned from H. M. Square, Philadelphia, Sunday night and tomorrow night. She wasorderBy the reception she had in H. M. Square and the other had much pleasure in having her.

The boys have sustained a heavy loss. Mrs. Bell Hood has entered Linnwood Sanitarium.

---

Mr. and Mrs. F. J. Reavis preached an interesting and instructive missionary sermon. The meeting was consumed entirely by a missionary address by Rev. J. O. Reavis, president; and Mrs. Jas. White, of the Presbyterian Church, has been utilized in various ways to assist Rev. R. M. Walding and many others.

---

In the afternoon Rev. J. O. White, preaching at 11 a.m. and 8 p.m. by the pastor, -Sr.

---

Stationsary

- We have a well selected stock

LOCAL NEWS:

Mrs. Agnes Higginbotham spent part of the summer at her home with her son, Mr. J. R. Higginbotham. She is the daughter of Mrs. L. W. Higginbotham, of Columbia, S. C.

SOME NEWS:

Mrs. Agnes Higginbotham returned from a visit to relatives in Dorchester, S. C.

Miss Fannie Cumming has returned from a visit to relatives in Dorchester, S. C.

Mrs. A. F. Hedgpath and little Miss Lizzie Hedgpath have returned from a visit to relatives in Dorchester, S. C.

Mrs. J. P. Yandie, Sr., returned yesterday to Washington.

Miss Mary Jane Eiler went to Richmond yesterday afternoon to spend a few days with her sister, Mrs. J. M. Eiler.

Mrs. J. E. Powers and family of Kingsville, N. C., went last Tuesday to spend a few days with her sister, Mrs. J. M. Eiler.

Dr. H. M. Wharton lectured at the Peabody High School at Baltimore, and in the neighboring school, at a very large and enthusiastic audience.

Measures with cowl water in which Mr. J. R. Higginbotham, of the State University, has been using his patent water, has made a large sale.

Some words to the wise. It is better to have a small house and be happy in it, than to have a large house and be unhappy in it.

Several cattles with cowl water in which Mr. J. R. Higginbotham, of the State University, has been using his patent water, have made a large sale.

Mr. W. H. Higginbotham, of the State University, has been using his patent water in the cattle on his farm, and the results have been highly satisfactory.

Peters Shoes

The Original Treaded Sole

UNIFORMITY IN SEWING.
Every pair in the South Carolina was identical in every respect. This uniformity, however, was not due to a standardization of materials and workmanship. It was the result of a system of inspection and control that was put into operation by the United States Army at the beginning of the Civil War.

Computing Interest.

Ex. 1. What is the amount of interest on $100 for 36 days at 6% per annum? Sol. $100 x .06 = $6.00

This is the simplest way to find the interest on any sum for any number of days. The number of days is divided by 360 and the product is multiplied by the principal and rate. This gives the interest for one day, which is then multiplied by the number of days.

PROFIT AND LOSS.

Profit is the difference between the selling price and the cost price. Loss is the difference between the cost price and the selling price.

SCHNEPPS.

The fact that SCHNAPPs is so widelyimitated only proves that it is the best chew— the standard by which all other tobaccos are judged. The size and shape and color of SCHNAPPs are strictly uniform. SCHNAPPs is packed in boxes of six, containing six packages of four plugs each.

Quality Did It!

The fact that SCHNAPPs is so widelyimitated only proves that it is the best chew— the standard by which all other tobaccos are judged. The size and shape and color of SCHNAPPs are strictly uniform. SCHNAPPs is packed in boxes of six, containing six packages of four plugs each.

With Less Sweetening Than Any Other.

SCHNAPPs has the pleasant, appetizing aroma which created and popularized the Schnapps line when using it on the face, as it is the natural growing medium for the hair. It nourishes, strengthens, and prevents proper growth. SCHNAPPs is made of only choice sections of well matured, thoroughly cured tobacco, and is also made to look like SCHNAPPs.

ENDOSCRIPTION ON EVERY BOTTLE 10 CENTS.
