THE CHESTER COUNTY FAIR

WILL BE HELD OCTOBER 17-20

Will be conducted this year by the Chester Chamber of Commerce.

THE ADMISSION PRICE:—What is expected to be the largest and best County Fair ever held in Chester County is being planned for Tuesday October 17, Wednesday October 18, Thursday October 19 and Friday October 20. Nothing is being left undone by the Chamber of Commerce to make this Fair a success. Everything possible is being done for the pleasure and comfort of the visitors; there will be ample space for the exhibits of each of the different departments and it is hoped that there will be large exhibits arranged by the farmers of the county. The price of admission to the Fair has been placed at twenty-five cents for adults and fifteen cents for children instead of the usual fifty cent admission. Whether visitor, exhibitor or regardless of your reason for being in the Fair grounds, it is our intention to render polite, courteous service to all. We wish to provide every possible means for your comfort and convenience. You will confer a favor on the management by reporting any inattention or lack of service to the President or Secretary.

FREE ATTRACTIONS:—In providing free attractions for this year’s Fair we endeavored to secure the best attractions that could be booked—attractions that would appeal to all. Two big free acts will take place twice every day in front of the grand stand,—one of them—Sensational Smithson, is perhaps the most spectacular exhibition ever seen in this section. Catering 50 feet high and riding a bicycle on a 2 foot inclined 90 feet long, he jumps a gap 34 feet wide to another platform. At night he has a fire display that is very hazardous and very beautiful. This is the original “Sensational Smithson” that has been the wonder of thousands at State Fairs and at fairs in the larger cities for the past several years. He has been secured at a great expense and has been recommended to the management of the Fair as the one man who has the biggest and best “thriller” ever presented to an American audience. For the second free act we have secured the Stirewalt family, five of the best acrobats performing today. They will present both afternoon and evening over 20 minutes of tumbling, pyramid building, head-on-hand balancing, contortion front and back bending, hand balancing, hand to foot somersaults and other acrobatic and gynastic stunts, ending with a sensational pyramid revolving act. “Curly, Head” and “Felix,” two small children of the troops are the laugh producers. This performance is especially pleasing to the ladies and children.

MIDWAY:—Good shows, a merry-go-round and ferris wheel have been secured for the Midway. These shows are furnished by the Big Four Amusement Company, one of the best of the attraction companies on the road today. No immoral act or gambling will be permitted on the Midway.

MERCHANTS AND MANUFACTURERS EXHIBIT:—Displays by Chester county merchants and manufacturers will form one of the most interesting and profitable of the exhibits of the Fair. Many merchants and manufacturers of the city and of the county are already planning their exhibits. A large silver loving cup will be awarded the merchant or manufacturer having the best display in this exhibit. This is a new feature for this year and we feel it is the most interesting to the visitors.

THE DAILY PROGRAMS:—The opening day of the fair, Tuesday October 12, has been designated as Educational Day. On this day all the white pupils and teachers will be admitted to the fair free of charge. It is also likely that a program of sports will be arranged for the school children on this day. Wednesday October 13, the second day of the fair, is Agricultural Day. A Farmers Congress is being planned for this day. Hon. Richard I. Manning, Governor of South Carolina and Commissioner E. J. Watson have already been secured as speakers for this occasion. Other speakers will be provided and plans are being made to have the largest gathering of farmers ever held in the county. Thursday October 15, is Merchants and Manufacturers Day. Friday, October 20—the closing day of the fair, is Everybody’s Day. It is impossible at this time to give the complete program of each day but there will be “something doing”, every minute, day and night. The complete program of each day will be announced through the Chester newspapers.

HORSE SHOW AND RACES:—The horse show will be held Wednesday, Thursday and Friday—races will be held Wednesday and Thursday.

THE EXHIBITS:—To house the exhibits of the Agriculture Department, the Livestock, Dairy and Poultry Supplies, the House-Hold Fabric and Furniture, the Produce and the Women’s Work, the entire Fair Grounds will be used. The exhibits of the Canning, Home Demonstration and the Woman’s Clubs will be in the Space. To house the exhibits of the Agriculture Department, the Livestock, Dairy and Poultry Supplies, the House-Hold Fabric and Furniture, the Produce and the Woman’s Work, the entire Fair Grounds will be used. The exhibits of the Canning, Home Demonstration and the Woman’s Clubs will be in the Space.

PREMIUM LISTS:—Entries will be accepted at the office of the Chamber of Commerce beginning September 15 and continuing until the Saturday day before the Fair. Commencing Saturday before the Fair, the lists will be closed at the Secretary’s office of the Fair ground. All entries will be given an entry tag to attach to exhibit. Each department will keep a record of the exhibits and will be kept in the headnotes of the various departments. It is not necessary to bring the article or animal with you in making your entries before the opening of the Fair. Making your entries early will help to make the judge books ready for judging the exhibits. All persons making entries before the Fair should have their articles ready for the closing of entries on the day of the department in which the article belongs.

### TO THE PUBLIC

That no misunderstanding may arise as to the real work of the Chester Chamber of Commerce, we take this opportunity of advising the residents of Chester County that while this organization is supported to a great extent by the business men of the City of Chester, yet at the same time it is at the service of every resident of the county, at all times for the solution of all questions and matters wholly of a public nature. Of course we cannot afford to take part in those matters of a political or personal nature but we stand ready to aid and assist the people of Chester county in every other matter particularly in the service of agriculture of the county.

One of the most important bureaus of the Chester Chamber of Commerce is the Agriculture Bureau which is intended to take charge of and to assist with all matters pertaining to the rural advancement of the County. The bureau can be of much service to you and in many ways help bring about conditions that would otherwise fail.

On the other hand there are many matters that will be inaugurated by this bureau in which the bureau will need the assistance and support of the neighbors of the City and with the cooperation of the residents of the county and the Chester Chamber of Commerce many things can be accomplished for Chester County that would otherwise fail for lack of attention.

A very cordial invitation is extended to you to visit the offices of the Chamber of Commerce and talk over any matters pertaining to the welfare of the county, or offer any suggestions for the betterment of the present conditions of the county, and your cooperation with this organization will be appreciated.

R. B. Caldwell, President.
Alfred O. Loyd, Executive Secretary.

### ENTRY BLANK

**FOR ALL DEPARTMENTS EXCEPT POULTRY**

It is not too early to make your entries now; and by making them early you will help facilitate the work at the Fair Grounds on the opening day of the fair. To make the entries you do not bring the article you wish to enter to Chester until the opening day, you simply fill your entry blank and in return receive an entry tag to attach to the article entered. Then you bring in the entries on the FIRST DAY of the fair, and all that is necessary is that you leave them at the different departments in which each is entered. If you need assistance in selecting your exhibits or advice in filling out entry blank, just write or call at the office of the Secretary.

Bread, Cakes, Pies and all kinds of Pastry.

The Japanese do many things well, but in a way that is distinctive by their own, and this is true of baking as of other, things. But the is true, of baking as of their own, and this community as ours

Japanese women could make bread and cakes. They have been doing this for many years and have learned the art from their mothers. They make bread and cakes that are light and fluffy, and they use only the best ingredients. They are very particular about the cleanliness of their bakery, and they use only the best equipment.

Our Bread does not have the right flavor. It is not as tasty as the bread that the Japanese make. But we are working to improve our bread and make it more like the Japanese bread.
