The Lantern, Chester S.C.- October 9, 1906

J T. Bigham
We hereby invite our friends to call at our store any day during this week and we will demonstrate the superior qualities of our

New Majestic Malleable and Charcoal IRON RANGES

The MAJESTIC MALLEABLE and cast-iron range, as formerly turned out by the Majestic people, has been considered throughout the entire country par-excellence, and for ahead of any other range made. But with the NEW CHARCOAL IRON RANGE in place of steel, making it double its value, and the fact that it is the only range of its kind made of Malleable and Charcoal Iron, you can readily see that if quality is considered, the Majestic leads by a large margin. WE WANT YOU TO CALL at our store during this week, and let us explain this new feature—CHARCOAL IRON RANGES, just as it is the best material for range bodies, and incidentally, why it is not used on other ranges.

We want you to call if you intend to buy or not, as the information gained will serve you in the future.

HOT COFFEE AND BISCUITS FREE

Come any day during this week and we'll batter hot coffee and hot cookies. Biscuits baked on a Majestic in these minutes while you wait.

HANDSOME SET OF WARE FREE

With every range sold during this Demonstration we will give absolutely FREE one set of Majestic ware worth every cent of it. This alone makes an exhibition in our store. Everything useful, ornamental, and durable. Come in and see it, and you will agree with us that it cannot be bought for a cent less than $7.50, and it is cheap at that.

Come in any day, you are welcome whether you intend to buy or not.
IN a previous article we have stated that the Fire T. A. had held its annual meeting the week before and that officers and members have been putting in a lot of extra work preparing for the meeting. The report of the meeting has already been published.

The meeting was held on Monday, October 3, in the hall of the Opera House, with over 100 members present. The officers of the society were re-elected for another term. The society has made some progress in the last year, and it is expected that it will continue to do so in the future.

There was also a brief discussion of the measures proposed by the society, and it was decided to continue working towards their implementation. The meeting adjourned with a vote of thanks to the members for their attendance and support.
