We Want a Business Man

A business man who has selling ability. The man we want may be in the automobile business now; he may be in some other business; he may be a farmer; he may be retired.

Whenever he is or whatever may be his occupation, we want him if he can fulfill the conditions of our proposal.

We are in search of a real, wide-awake man, who has had business training, who has some capital, and who can sell Maxwell Castoria.

We are represented in almost all of the leading cities and towns of the United States, and our dealers are progressive and happy.

They should be, and we shall continue to be, for the Maxwell Car is the unquestioned leader of its class.

It is a car for which there is a nation-wide and growing demand. It appears to deliver real value, darling for less than any other car in the world.

We are no second in this locality. We must be number one. Our representative will talk over the details of a very attractive proposition.

Anypersons interested should inquire early.
