WILL HELP THE SOLDIERS

The Chester News, October 19, 1917

NEW YORK FINES

The tentative plans that have been approved are at New York, Phila-

cities and in naval training stations, navy yards, arsenals and

pilots of the navy. The last to inter the war.

The general idea is to eliminate the best thought of the nation.

The United States Government meet his business. A man may make 8, 10;

people today. That are actuating who buy beneficial rather than

detrimental each week to invest thus in.

WILL HELP TO CONSTRUCT SOLDIERS

Cornell will build large new dormitories, barracks and

buildings for the soldiers. The government will supply food,

the United States Government meet his business. Insura-

tion, just as they do for private individuals. The mortality of the

soldiers is one of the factors that has affected the insurance rates.

The government will also provide medical care for the soldiers.

The government has also undertaken to build new barracks and

dormitories for the soldiers. The soldiers will be housed in clean,

spacious quarters.

BUY LIBERTY BONDS

THE BUILDING AND LOAN ASSOCIATIONS OF CHESTER are anxious for Chester County to make a free and full response to the Government's appeal, and to enable some to buy a bond who may not otherwise be able to do so, offer to lend the money at 6 per cent. Subscribe for a share of Building and Loan stock in any one of the three Associations, put up the Liberty bond as collateral, and when the loan is paid you will have a Liberty bond clear. You will thus be enabled to perform a patriotic duty as well as make a sound and profitable investment.

WHAT MR. McADOO SAYS:

"Shall we be more tender with our dollars than with the lives of our sons?"—Secretary Wm. G. McAdoo.

Your son, or your neighbor's son— is depending on the Government—the Government is depending on the people, and you can aid greatly by buying a Liberty bond.

By Midnight
Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 81 months, we sold more delivered to tire dealers more United States Tires than we sold during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our episodically-sales increase of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1918 over 1917 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer effect of their experiences.
3. The fact that neither vast army of automobile owners have been won in the ten years of United States Tires or 1917, but on the sheer power of our tires over other tires that they have tried.

United States Tires Are Good Tires

The cars that win the races are proof of these assertions. They are quiet and strong. They allow you to maintain a smooth, steady roadcreas. They are the cars that economical in the use of gasoline. They are the cars that draw the admiring admiration of the drivers of other cars. They are the cars that win the races. They are the cars that win the hearts of the drivers of other cars. They are the cars that win the hearts of the drivers of other cars. They are the cars that win the hearts of the drivers of other cars.
