The American. Mr. Wilson's defeat was due entirely to his insistence upon committing errors in his foreign policies and in his attitude toward Mexican affairs. Mr. Wilson's domestic policies were almost all good, policies.

Mr. Wilson's foreign policies were...
PRESIDENT WILSON RE-ELECTED

Tuesday night telegram received in Charleston pointed to the election of Charles Evans Hughes as President. The leading improvement newspapers of New York City favor such a course about six o'clock Tuesday night. The daily papers through the country, including those in the South, practically are all for Hughes.

In Washington, Secretary of War Newton D. Baker announced that 200,000 troops will be sent to Mexico to prevent further violation of the neutrality of that country. A large part of the troops will be sent to the border of Mexico.

The President has been re-elected by a large majority.

Which way does the wind blow?

It's pretty hard to tell in politics these days; but where the "weather man" is concerned, you can be sure of one thing: Whatever way it blows, it's bound to be cold.

THE HART SCHAFFNER & MARX BELT BACk VARIETY SIX HUNDRED is one of the best overcoats you can wear—sturdy, warm, comfortable. Above the short half-belt at the back are two plaits, and below the belt is one large inverted box plait—the effect is stunning.

No other law exists save as it is written in the books of the land. The judges are but a part of the establishment, the law itself is the supreme authority. All laws are made by the people and for the people. It is the duty of the judges to interpret and apply the law as it exists on paper, not as it exists in the minds of the people. The law is the will of the people, and the judges are but the instruments of that will. They are not creators of the law, but interpreters of it. They are not judges of right and wrong, but judges of what is right and what is wrong under the law of the land. They are not judges of the merits of a case, but judges of the law applicable to the case. They are not judges of the facts of a case, but judges of the law as it applies to the facts of the case. They are not judges of what is just or unjust, but judges of what is just under the law of the land. They are not judges of what is right or wrong, but judges of what is right under the law of the land. They are not judges of what is good or bad, but judges of what is good under the law of the land. They are not judges of what is true or false, but judges of what is true under the law of the land. They are not judges of what is desirable or undesirable, but judges of what is desirable under the law of the land. They are not judges of what is pleasing or displeasing, but judges of what is pleasing under the law of the land. They are not judges of what is pleasant or unpleasant, but judges of what is pleasant under the law of the land. They are not judges of what is agreeable or disagreeable, but judges of what is agreeable under the law of the land. They are not judges of what is acceptable or unacceptable, but judges of what is acceptable under the law of the land. They are not judges of what is approved or disapproved, but judges of what is approved under the law of the land. They are not judges of what is approved or disapproved, but judges of what is approved under the law of the land. An adequate description of this poultice. Dr. Bell's Pine-Tar Liniment is a poultice. It is prepared of pure pine tar and a combination of drugs which have the property of warming the skin, dilating the blood vessels and stimulating the actions of the blood. The poultice is applied to the affected part, and the hot poultice is removed after 15 minutes. The poultice is followed by a warm bath, and the patient is then given a nourishing diet. The results of the treatment are usually good, and the condition is often cured in a short time.

Keep your Shoe Neat

DON'T NEGLECT YOUR COLD.

If you wish to have your cold properly treated, come to me, at the office of the Medical Department, and have your case examined. This is in line with our policy to make every effort to insure the health of our patients. We do not desire to make a profit from the sale of medicines, but we do desire to make them known to all who may need them.

It Always Helps

Say Mrs. Sylvania Woods, of Clifton Mills, R. V., in her testimonial, "It always helps me to have the pine tar liniment. Whenever I am in pain, I apply it, and the pain is relieved at once. Dr. Bell's Pine-Tar Liniment is the only one that is a real medicine, and the only one that is really effective.

What is CASTORIA

CASTORIA is a harmless substitute for Castor Oil. Producers of Castor Oil are now producing a substitute, known as Castoria. It is not as powerful as the original, but it is much safer. It is a very good medicine, and is often used in the treatment of chronic diseases.
