MORE ABOUT INSURANCE

Mr. Goit Replies to Mr. Berry's Letter.

To EDWIN BITTINGER,

Charlesville, S. C.

Mr. GOIT:—In reply to your letter of the 6th instant, I will state that it is my desire to reply to a communication published in your paper, from the pen of my esteemed friend, Mr. D. B. Dunn, in which he graphically written by myself as a result of my many years of practice in the Charleston News and Courier, and which you refer to as the "rapture of "Insurance in York." In all my business that is of selling life insurance, I have not been engaged in the business of selling an active or less activity since 1890.

Now I will proceed to answer as well as I can, what Mr. Horry has so very nicely attempted to show to us. I do not attempt to answer them, but I am attempting to construct the error to be your insurance company or any other life insurance company for anything. The insurance was provided the management of the insurance company in some cases in the future as the past, but right as I have said, I say that the fact that the fire insurance company has not made a low cost is no reason why it should not be provided for in the assurance of life insurance, because fire insurance and life insurance are different propositions. It is possible, and there is no assurance that this company may be carried on a haphazard basis, and that the company may be turned over or sold. I have seen the statements made by those that only one issue out of 1,000 is destroyed by fire. On the other hand, it is stated by some that at least 1,000 are destroyed by fire every month. This is not accurate.

Tell me that a man is a better person with a life insurance company than without, and I will agree with you. Tell me that the cost of a life insurance company is not as high as the cost of a life insurance company, and I will agree with you. Tell me that there is no evidence that the company is in a better financial position, and I will agree with you.

Tell me that a man is a better person with a life insurance company than without, and I will agree with you. Tell me that the cost of a life insurance company is not as high as the cost of a life insurance company, and I will agree with you. Tell me that there is no evidence that the company is in a better financial position, and I will agree with you.

I have decided to convert my mammoth stock of hardware into CASH.

READ MY PRICES.

There are six thousand articles I cannot name in this space, but these prices will prevail on all hardware, though they were, and again were. Remember these prices are for CASH ONLY. I guarantee all goods to be as represented. Now for business:

CHRISTMAS IS COMING!

And everybody is going to have a good time. Why not use your money, and order on the right, and purchase your entire Christmas furs, sweaters or friends a nice substantial piece of furniture for a present? Our furniture store is now stocked with the largest, the cleanest and the most beautiful stock of furniture ever placed on sale in this city. We find that about six to seven car loads of furniture are sold, much and for better prices than your average. If you look at my store you get a rush job to the best advantage. Why pay $25 for an organ when you can buy the same organ for $10 from W. L. Nall? Why pay prices for a piano when you can buy one just as good or better for $100 from W. L. Nall. No cash delivery service. The power of cash has never been more in evidence than today. You must come to the store and stretch out a long way here at the Red Racket Store. We sell both lines of Christmas dolls, Cheaper and better than before.
