The Lantern, October 13, 1904

The term "semen" is widely used in the military to refer to semen collected from soldiers who are undergoing medically needed vasectomies. In some cases, the semen is used to fertilize eggs from female soldiers who need assistance in conception. It is an example of how technological and medical advancements can be used to support military operations and support the well-being of personnel. **[1](#) [2]**

*Chattanooga Plores* [3]

**Chattanooga Plores**

The lightest running wagon ever produced any world. We are not agents for the above, and you may if you please, of either place or wagon, call on us, or we can please you.

Yours truly,

[Signature]

[1] The term "semen" is used in the military to refer to semen collected from soldiers who are undergoing medically needed vasectomies. This semen is often used to fertilize eggs from female soldiers who need assistance in conception. It is an example of how technological and medical advancements can be used to support military operations and support the well-being of personnel.

W. R. NAIL, Red Rocket Store,

Monday, December 18, 1899

On hand Monday, December 18, 1899, just as the sun in all its resplendent glory came creeping up over the mountains, and the birds sang their morning serenade, we are enabled to present to our readers a varied and interesting collection of goods, which we have carefully selected for the Christmas season. Among these are the latest styles in men's and women's clothing, a large assortment of toys, and a variety of other articles that will be appreciated by all who come to see them.

The Fainting Child

The Fainting Child is a sensation that has been accepted by the public with enthusiasm.
