Useful Christmas Gifts
OF
NEWEST ELECTRICAL UTENSILS
HANDSOME AND SERVICEABLE

At Christmas-time our friendship is judged by the manner of our giving. More lavishly cannot equal thoughtfulness in the selection of a gift.

The truly thoughtful do not give merely for a day or a week, but for months and years.

The truly thoughtful do not stop at simply pleasing the eye and stirring the surface of enjoyment, but give beauty, usefulness, and permanence, tapping the deeper springs of pleasure.

Such givers will find in Westinghouse Electric Ware ideal gifts. Handsome, practical, lasting. Westinghouse Ware is singularly acceptable.

We shall be glad of an opportunity to show you a variety of article, from which to make your selection.

Dozens of other utensils that can be used to great advantage in the home or in the office, and are the most pleasing and precious reminders of the giver's good will. While practically every other article has increased in price, there has been no advance in electrical articles. Give electrical gifts and save money.

It Isn't Getting Up
It's the dressing in a room that sets your teeth on edge.

Your dressing room should be in warm so that every morning when you have a Perfection Oil Heater it is sure showing out that it is set and ready to go—when you can carry it where you please—and it's not carrying smoke, but is economical and clean, and heating to any degree of comfort. You can turn it on in the morning or at night and keep it warm to come back to your room after a late dinner.
