ELECTRICAL GIFTS are the most practical, useful and enduring gifts. When you give Electrical Gifts, you help to give them to labor, mother, brother, children, grandchildren and even the baby; not only at Christmas time but every day.

Our great line of articles for entertainment and the saving of time and labor, makes it easy to offer an Electrical Gift for the hard-working man or woman.

This is Christmas, and we are particularly pleased with our Electric Christmas Range and the new people will appreciate the convenience and comfort afforded with the following Electrical home equipment.

**SEWING MACHINE MOTORS**

The Portable Electric Sewing Machine is a real necessity in every household. With the Sewing Motor, the operator can attend to the sewing while the motor does all the work. It can also be used as an electric fan or for moving air through the house. The Sewing Motor is available in various sizes and prices, the smaller ones being suitable for general household use and the larger ones for commercial use.

**ELECTRICAL GRILLS**

The Electric Grilling Pan is a real boon to the housewife, as it renders all outdoor grilling unnecessary. The Pan is designed to operate on the current of the electric stove, and can be used for roasting, grilling, or broiling meats, vegetables, and poultry. It is especially useful for outdoor parties and picnics.

**ELECTRICAL CIRCLES**

Ceramic Circles are more sanitary and economical than the ordinary metal ones, and can be used for heating up pantries, basements, or other parts of the house. They are made of fire-resistant materials and are easy to maintain.

**ELECTRICAL COFFEE POT**

Electric coffee pots are a real convenience, as they can be used for making coffee, tea, or other hot drinks. They are easy to operate and can be used for making tea or coffee in the morning, before the family is awakened, and for making refreshments for guests.

**ELECTRICAL WATER HEATERS**

These are used for heating water, either for use in the bathroom or for other purposes. They are very efficient and economical, and can be used for heating up to 40 gallons of water per hour.

**ELECTRIC CIRCLES**

These are used for heating up pantries, basements, or other parts of the house. They are made of fire-resistant materials and are easy to maintain.

**ELECTRICAL KITCHEN FOILS**

These are used for covering food during cooking, and are very useful for keeping food hot. They are made of tinfoil and are very easy to use.

**ELECTRIC SCREENS**

These are used for screens in windows and doors, and are very useful for keeping insects out.

**ELECTRIC HEATING RANGES**

These are used for heating up pantries, basements, or other parts of the house. They are made of fire-resistant materials and are easy to maintain.

**ELECTRIC COFFEE MAKERS**

These are used for making coffee, tea, or other hot drinks. They are easy to operate and can be used for making tea or coffee in the morning, before the family is awakened, and for making refreshments for guests.

**ELECTRIC WATER HEATERS**

These are used for heating water, either for use in the bathroom or for other purposes. They are very efficient and economical, and can be used for heating up to 40 gallons of water per hour.

ATTILA, "SOURCE OF GOD"

Mighty Leader of the Huns who has been called the "Scourge of God.

The great Huns, iron-flanged, mace-wielding, spear-toting warriors, who swarmed down upon the helpless nations of Europe, had a leader who bore a name as great as his deeds. Attila, "the Scourge of God," was the head of the Huns when they overran the lands of the Empire. Attila was a formidable foe, and his name is feared and remembered to this day.

He was a master of strategy, and his tactics were often brilliant. He was a great commander, and his army was invincible. He was a cruel and merciless conqueror, and his men were fierce and bloodthirsty.

Attila was a man of great stature, and he was said to be as tall as a tree. He was a man of great strength, and he was said to be able to lift a heavy stone with one hand. He was a man of great beauty, and he was said to be as handsome as the sun.

Attila was a man of great courage, and he was said to be as brave as a lion. He was a man of great wisdom, and he was said to be as wise as an eagle. He was a man of great devotion, and he was said to be as holy as a saint.

Attila was a man of great power, and he was said to be as powerful as a god. He was a man of great influence, and he was said to be as powerful as a king. He was a man of great wealth, and he was said to be as rich as a prince.

Fourty-Rough, Rough Gift Suggestions
Designed to Lighten the Christmas Worries of Mankind
Preceded by a Receipte for Happiness

Happiness goes out from the heart before it comes in. It never by any chance stays or reaches you. You can harvest it, be it common good, but you cannot store it for your sole individual use. You can lend it, but you cannot buy it, you cannot spend it, but you cannot accumulate it. A man must contribute to the stock of human joys before he can participate in its profits. To seek happiness without giving it is a futile quest, and our longings for what we have not learned to give to others are as empty battles in the wine cellar of the soul. Happiness really never was any good in this world but to give away!

And something gorgeous, gold and bright for the girl you love above all else.

Saved Girl's Life
"I went to tell you what wonderful benefit I have received from the new 'Black Draught,'" written Mrs. Sylvia Wood, of Collinsville, Ill. "It certainly has no equal for grasping, gouty and rheumatic trouble. I firmly believe the remedy is going to save my little girl's life. When she had the malady she was on her bed, but one good dose of the 'Black Draught' made her break out, and she has had no trouble. I shall never be without it."
