FLILING SUNSHINE

"When a bit of sunshine hits a moth," said the queen bee, "It at once "flies up and off as if it were afraid of the sun."" When a fit of laughter gets you down, put on your morning coat and "dance" a bit, and you will feel much better. The "morning coat" has been called the "morning uniform of kings," and it is said that when a woman wears it, she feels more comfortable.

The weather is reported to be fine today, and there is no need to worry about the weather. The sun is shining and the air is fresh. The birds are singing, and everything looks beautiful.

The "morning coat" is a symbol of respect and dignity. It is worn by men and women alike, and it is said to bring good luck and prosperity. The "morning coat" is also said to bring good fortune and happiness.

The "morning coat" is not only a symbol of respect, but it is also a symbol of fashion. It is worn by men and women alike, and it is said to bring good luck and prosperity. The "morning coat" is also said to bring good fortune and happiness.
