1851 Represents Everyone

Every County in South Carolina

Every county in South Carolina is represented on the Campus of Winthrop College. The college enrollment of 1851 girls, along with 13 other states, would have been a surprise even to Glazebrook. A check on enrollment indicates York county leads with 170 girls enrolled.

Floor's been painted, shining like new. Gym teachers happy. Modern dancers, too.

And from vicinity of the gym this week comes the awash of Miss Laura's golfers—285. With those big clubs she teaches the girls the swing of the club—encourages them with the story of the little fifth-grade training school boy who, quite frequently pedals his bicycle out to the country club and,携带着 his own clubs, shoots a game of 40 or 45—which is a very good score. That's the only way to really learn, believe Miss Laura—to grow up with it, as did Patty Berg. With encouragement from a golfer father and free access to a good course, this becomes a champion. Now at college age she has gone pro for Wilson Brothers—travels, gives demonstrations. Incidentally, Patty is to come to Rock Hill this year for a demonstration.

Still on golf—No other sport has done so much for char-

ity in recent months. During five weeks the Red Cross ben-

efited to the extent of $50,000 from the links. And Walter Hagen, the game's greatest actor, after 25 years on the links says the psychology of the game is to make the hard shots look easy, the easy ones look hard. He'd rather win by out-

smarting an opponent than by "beating par to death."

"That," says Kathryn Kerhulas, "leaves me stranded. I

can't wait mentioning football again. Especially

with the Clemson-State cash on tomorrow in Char-

lotte. Did you notice the 16 rules of the game? I
did, but it helped very little. I haven't learned the old
times yet and that brings up the fact that the physical-
ed department is planning to have a football coach or

teacher to come here before the Erskine-F. C. game.

and explain the game to us, as a part of the athletic

program in good spectatorship. Well, I'm off to tommor

glow's without a season—and expecting anything

around these parts, the Wake Forest-U. N. clutch

upset of last week.

Of Bonnie Banks and Clemson.

And football reminds me of "Bonnie Banks" of Clemson. The

New York Times on Monday gave this report of the

southern boy who went north to join the Dodgers. "Dodger

camps can make no mistake in the skill of young McFadden,

the freshman from Clemson. He has what it takes. McFad-
den is a slippery runner who appears to be one of the real

stars of the future."

Hayden Organizes

New Dance Group

A beginning's modern dance group has been organized to meet in

Tuesdays afternoon, according to Miss Alice Hayden, dance in-

structor.

"No requirements are necessary except regular attendance," says

Miss Hayden. "We will study con-

tours, stage craft, percussion in-

struments, and other fundamentals

of the dance, besides regular prac-

tice. You beginners meet on Tuesday at 4 o'clock."

The beginner's group is not a

part of the regular dance group which meets at Monday after-

noons. It's primary purpose is to

give girls, who have had no mod-

er dance, a background for the

advanced Modern Dance club.
