A forum for the discussion of matters of common interest to the Winthrop community - By ELIZABETH COLLERUP

Winthrop listens to the radio, there's no doubt of that from the variety of things that they like to listen to. Dr. Charles T. Cobb, drama, classical music, comedy, and especially news. The only large group apparently neglected is the morning "soap" opera. Which always leaves the heroine in a dreadful situation just as the program ends. When the rating of the orchestra is taken, Glenn Miller leads all the rest; but Greb White, a string of music major participating especially, draws attention in hopes that something will be said about "someone I know", from the Student government president down to a freshman student.

Reverend William Way, Rector of Grace Episcopal church, Charlotte, N. C., will speak at Vesper's Sunday night at 6:45 in Johnson hall.

Smyrl and Burton Are Elected State B. U. Officers

Seven music majors participated in the weekly recital Wednesday afternoon. Seven music majors participated in the weekly recital Wednesday afternoon.

P. The guests offered suggestions which will be implemented on the part of the work of the council for the community.

Mr. Dr. Roberts entertained the group with a song, "Blessings on our little Drum" and "Danny Boy" by rev. Mr. Myrtle Wilt.

Sports and Fun on the Campus

Girls going away—

Out to join the masses.

Fun to go on weekends—

And another Monday.

But last weekend, classes were forgotten in the excitement of going to Clemson—and other places—but mostly to Clemson for Autumn Ball and the game against Saturday. Four of the five sponsors for the ball were Winthropians, you know. And so we had a good percentage of the young ladies encouraging the Tigers against Davidson. Whether that helped or not, we wonder. But something really made them tiger roar. That 39-0 victory is still last week's biggest news. Some sports writers seem to think the Deacons had it coming to them because they've been reading too much newspaper praise. Regardless, the game proved that Clemson can really play a good game—one worthy of the praise of any football fan.

Another game we liked was the Davidson-M.V. M.I. clash in Charlotte. Though V. M. I. was the favored team, the Wildcats put up a good fight. Dave Spencer, the smallest real player I've ever seen, does wonders with that ball. That game was definitely his. And when he was hurt and taken out, the Wildcats felt the loss. But they rallied in the last quarter for a beautiful touchdown made on fumbles. The ball, passed to a Davidson boy, was fumbled and caught by a V.M.I. like a slippery bar of soap, it slid from his hands into the waiting arms of another Davidson player. This one turned and fled, tenderly clutching the ball—and a touchdown it was, and rough treatment. The department requests your help into the gym. The floor has just been refinished, and though all the bottles with paper praise. Regardless, the game proved that Clemson can really play a good game—one worthy of the praise of any football fan.

As to the team, we have the best dancers we've seen lately. And we think you'll agree won't be admitted. If you don't know how it's done, see Betty Ann.
