Board Approves Presidential Requests

New Dorm Heads List

A request to the General Assembly for an additional dormitory, for a larger amount of money for dining room facilities, for funds for Main building, and for more money for additional professors was passed by the Board of Trustees at their regular meeting held yesterday afternoon in Thurmond hall. The bill will be presented to the general assembly when it comes in January. The Board also decided to buy the 12 acres of land which was to be converted for the college for use until the new one being built could be erected.

In need to the new dormitory, Mrs. George M. Stackey says, "If the experienced people state the bill early enough in the session, I see no reason why a $15,000 increase cannot be ready for use next fall."

Three of these girls are doing clerical work in offices for the college, one with departmental workers in second place, numerically. Others are engaged in library work, art, laboratory assistance, and in holding night classes.

K Y. A. scholarships are awarded on a basis of need and scholarship.

The Campus Town Hall
A forum for the discussion of matters of common interest to the Winthrop community by ELIZABETH COLLEPPEL

Winthrop listens to the radio, there's no doubt of that from the variety of Things that they like to listen to. They listen to dramas, classical music, comedy, and especially news. The only large group apparently neglected is the morning "soap" operas, which always leaves the heroine in a difficult situation just as the program ends. When the rating of the orchestras is taken, Glenn Miller heads all the rest; but Guy Lombardo and Tommy Dorsey isn't far behind. The night-owls who can keep their eyes open for the Midnight Dancing Party. Collegiate selections especially, draws attention in hopes that something will be said about "someone I know", from the Student government president down to a freshman.

Reverend William Way, Rector of Grace Episcopal Church, Charleston, S. C., will speak at Vesper's Sunday night at 6:45 in Johnson hall.

The Recreation Roundup

Sports and Fun on the Campus

by CATHERINE BAILEY

Girls going away—
Out to join the masses.
Fun to go on weekends—and watch Monday classes.

But last weekend, classes were forgotten in the excitement of going to Clemson—and other places—but mostly to Clemson for Autumn Ball and the games for Saturday. Four of the five sponsors for the ball were Winthropians, yes. And we're a good percentage of the young ladies encouraging Tigers against Davidson, yes. Whether that helped or not, we wonder. But something really made Tigers roar. That 39-0 victory is still last week's biggest news.

A preliminary meeting for the new constitutional convention was held, and though it has some resistance to wear, it is not immune to gravel-like criticism. The representation requests your help in keeping it in good condition.
