The Johnsonian

If you’re in the mood for music, sweet and swing, you may have your way early in December when the Jugamers, Clemson’s dance orchestra, come over to spread a little good cheer in those parts. The Student Government association wanted us to send the word to see how campus favor runs along this time, because they’re discovering with the Clemson musicians to lighten the tone that bind Winthrop and Clemson by presenting a program of dance music soon. All they need is your general support and your support, and from what we can prophesy, the Jugamers will be our door-step serenaders in accordance with the good music policy that they have been pursuing for campus.

Y Membership Largest In School’s History

Stokes To Preside Over Section At National Math Meet

By Elizabeth Collepee

Seventy and seventy-eight students and approximately 80 faculty members have signed Y membership cards for the 1940-41 school year, according to Thomas A. Hicklin, Y president. This is the largest membership in the history of the Winthrop Y.W.C.A.

Organized in 1946, the Y had an all-time high of 72 in 1939-40. Following the membership picture of the Win- throp Y.W.C.A. of 1938-39, Dr. Stokes is a member of the committee on visual aids of the National Council. There is an active Y.W.C.A. at Clemson which is affiliated with the National Council of Teachers of Mathematics on the campus.

Burgess Explains Origin of Famous Math Problem

At a meeting of the National Council of Teachers of Mathematics at the Y.W.C.A., Burgess reported that the concept of a given cube in the sphere is the greatest puzzle in the year 430 B.C. According to one interpretation, through the cube, the Athenians sought the help of the god of the sphere, in finding the size of the altar, which was a white marble cube. In so doing, they would remove the power of the sphere affecting the city.

Burgess said that the most likely explanation was to be found in the sphere, which was a symbolic representation of the god of the sphere. The god of the sphere, in order to aided the god of the altar, would remove the power of the sphere affecting the city.

Campus Roadways Now Under Construction

Construction has now begun on a network of paved and treated highways on and around the campus by the State Highway department.

A road, which will run between the infirmary and the gymnasium, is being cut from Elders college to the new State highway.

The street leading from the power house. The street be-

land, and Thurmord hall will be paved or surfaced treated with asphalt.

Lancaster and Columbia avenue in the business district in Columbus, will be paved by the State Highway department.

The road will be constructed by the 20th of November, the road around the courthouses and the road along the courthouse.

The work is under the direction of the highway department Engineer Garten. 

Betha Chosen Chairman, Anderson, Secretary of Y Cooperation Council

Dorothy Bethes was elected chairman, and Elizabeth Chosen was elected secretary, of the Young Women's Council on the North Carolina campus.

Dr. Stokes, recently elected president of the North Carolina State University, was present at the meeting. Dr. Stokes, who will go to State university, presented a number of books to the university.

Lake Speaks and Band Plays On Armistice Program

Reverend Julian Lake talked on "Peace" at the Armistice Day program conducted by the Student Government Association. Mr. Lake, a former member of the new student government, McCarthy Moore, president of the association, presided.

As the hour, directed by Mark Blitman, played the "Star Spangled Banner" in the gymnasium, Mr. Lake spoke on his view of the Armistice. He resourceful language was accentuated by an impressive display of strength, balance, and coordination.

Phelps and Martin Speak To Alumnae of Central University

Using the time-tested education objectives set forth by Plato as a basis of education objectives carried out at Winthrop, President Shelton Phelps told alumnae members of the Eastern District that the aims of Winthrop are to give a general education for the first two years of college, to supply the specialized field, and to teach people to live harmoniously together. This alumna group, headed by Dr. Phelps, met at a meeting in Georgetown at the Georgetown high school.

Bonomer - Or Is It Just Plain Ignorance?

Strode Stresses Need Of Solidarity With South America

Speaking with directness and with a facility of words acquired through his long career dedicated to writing, travel, and lecturing, Hudson Strode, author of "South by Thunderbird," and a member of the faculty of the University of Alabama, talked about the importance of understanding the people of South America. The lack of understanding, he said, is the cause of the wars in the city of Buenos Aires. The people are just as ignorant of the United States as they are of the United States. The United States citizens should study Spanish, he said, and this can be done through the reading of Spanish literature.

Winthrop would be national. And now, after the war, the faculty and students seem to be greeted with a new sense of optimism. The student volunteers program is a good example of this. It seems to me that the students are more determined than ever to make things happen, and that they are more aware of the need for action. I believe that this is a healthy development, and that it will help to bring about a better future for all of us.

South Girls Become Farmerettes
At Last Night’s Rural Party

Hay stacks, corn stalks, and autumn lessons transformed the gym into the ideal place for South dormitory’s farmette last night. Farmerettes contained only gingham dresses gaily climbed over the bean jump fence and scrambled into the yard.

"Fortnight work", a game played to thoroughly mix the group, was followed by the group march. Farm sale, birthday stunts, musical wedding, baskets, and other games were played and dis- tressed by Arthur Bigler, who was in charge of recreation.

After the games Farmerettes were served by social chairman Nancey Schuett.

The Recreation Roundup
Sports and Fun on the Campus

By CATHY BAILTY

Carrying blankets, singing pep songs, cheering for each team, Women's Club members looked forward Wednesday night to the Erskine - P. C. game.

And loads of fun it was too. Our sincere thanks to Erskine and P. C. for coming here to play. We loved the whole thing from lining up with the band at Main building and following them out to the field, to the return in the chill night air, hoarse and happy about it all—and thinking how good a cup of coffee would be—or a hot dog, perhaps.

The game was blind-sided, favoring P. C., but the Erskine lads put up a hard fight. Both colleges brought along cheer leaders and bands and lots of students. Some of the Erskine ladies in the midst of Win dinheiro parties were in the height of their glory—or looked at least.

At the half, P. C.'s drill platoon took the spotlight. The whole crowd roared approval of the Erskine ladies, and there's no better damnation. There's just something about a uniform—

Which reminds me of the picture posted which once was to adorn this page. A funny picture of a Royal Canadian Mounted Police, with the keenest possible expression. They look to be sure to be a model of uniformed ladies, and I hope they've never bent the governmental campaign very. That's the one I suppose means a mess to Mr. Mayor.

Target Practice:

Clemson, we notice, has acquired an interest in archery and is comprising a team to participate in matches with neighboring schools. This is a good thing for bow and arrow girls, especially since they're planning an interesting program for the early spring. Says Miss Conway, "We're hoping to get together for some mutual target practice. The girls are all for it."

Ups and Downs:

On the gridiron last week were: best of all South Carolina's defeat of Kansas State. The gamecocks spread their wings and won big, 23-6. At Greystone Aggie again displayed his amazing technique with the pigskin. Congress to the Coles on their victory, and may there be many more of them.

And worst news to us was of the Tigers' fall before a strong Auburn eleven. But the Clemson fighting spirit is still there and we're looking forward to a victory for them in their crash with Furman on Thanksgiving.

We marvelled at Davidson's scrappy Wildcats and their resistance to Duke's Blue Devils. If they had stopped at the half it wouldn't have been Davidson's game by virtue of better playing. Unfortunately the lads were too small to hold. We admire the spirit of that team. Their determination is certainly a threat in any game.

"Take a Little Peek"

In the gym tomorrow night at the square dance—or better still, don a barn outfit, get yourself a partner (another Winthrop girl) and come in for the fun of it! You'll have a good time—there'll be plenty of dancing. Bring your own ice cold drinks, corn shucks, pumpkins, mountain music as plenty of square dancing. Miss Fugitf's class will show how it's done, then let all join in. Some of these dances are Shoey Fly, Birdies in a Cage, Grapevine Twist, Chase a Squirrel, and, of course, the good ole Virginia Reel. But don't let that bother you. I don't know 'em either, and few do. It'll begin all nine o'clock. You there!

To England:
The hack job is helping to send out an American by donating money to a fund which is being raised by the hockey club in America. The ambulance will bear the inscription "Dedicated by the women hockey players of America".

In Memoriam:

To Mary Sanders, last year's president of the Athletic Association, who worked so hard in the lounge of the gym room. It is the full length picture which was used in the senior statistics of the Tatler last year.

The Recreation Roundup

Sports and Fun on the Campus

By CATHY BAILTY

Carrying blankets, singing pep songs, cheering for each team, Women's Club members looked forward Wednesday night to the Erskine - P. C. game.

And loads of fun it was too. Our sincere thanks to Erskine and P. C. for coming here to play. We loved the whole thing from lining up with the band at Main building and following them out to the field, to the return in the chill night air, hoarse and happy about it all—and thinking how good a cup of coffee would be—or a hot dog, perhaps.

The game was blindsided, favoring P. C., but the Erskine lads put up a hard fight. Both colleges brought along cheer leaders and bands and lots of students. Some of these cheer leaders in the midst of Win dinheiro parties were in the height of their glory—or looked at least.

At the half, P. C.'s drill platoon took the spotlight. The whole crowd roared approval of the Erskine ladies, and there's no better damnation. There's just something about a uniform—

Which reminds me of the picture posted which once was to adorn this page. A funny picture of a Royal Canadian Mounted Police, with the keenest possible expression. They look to be sure to be a model of uniformed ladies, and I hope they've never bent the governmental campaign very. That's the one I suppose means a mess to Mr. Mayor.

Target Practice:

Clemson, we notice, has acquired an interest in archery and is comprising a team to participate in matches with neighboring schools. This is a good thing for bow and arrow girls, especially since they're planning an interesting program for the early spring. Says Miss Conway, "We're hoping to get together for some mutual target practice. The girls are all for it."
