"We Appreciate Your Business"

If you're in the mood for music, sweet and swing, you may have your way early in December when the Junglers, Clemson's dance orchestra, come over to spread a little good cheer in these parts. The Student Government association wants us to sound the wind to see how the campus favor runs along this time, because they're dicker- ing with the Clemson musicians to tighten the ties that bind Winthrop and Clemson by presenting a program of music dance soon. All they need is your support and your presence, and from what we can prophesy, the Junglers will welcome our door-seat scrumming in accordance with the good neighbor policy and spread-

ing us in accordance with the "good music" policy that they have been following for years.

Martha Mahoney: "Oh, yes—just like their music."

Lola Swales: "Yes, I like them."

Helen Smalls: "They're really swell."

Ann Marie Cartagena: "Yes; it's a good orchestra.

Eliza Edwards: "They are swell."

**Editorial Commentary**

By BETTY RICHARDSON

The Stars and Stripes are in the air—all over campus—proudly the miniature emblems that yet flash its colors in an air free from the boom of guns, the shriek of sirens, and the death cries of nations are in the air.

This year our 'become poster-minded.

Every time we venture forth along the corridors we've got to stop and absorb the admiring-and an army of colorfully proclamed campus events to come. Recently, those eye-catchers have been particularly colorful—both in words and paint, which we chalk up to the determination of each class to win that pep meet, but even with pop publicity better than usual, for poster-of-the-week we find no grand winning, for we are in the mood for a serious discussion of the week of prayer as a week for the promotion of individual and national peace.

**Posters**

So it is that we are looking forward to a more peaceful time of the year, when the posters are few and far between, when we can join in with the nation's spirit with our prayers for universal peace.

Read, you join the poster wars. It is overwhelming and, as you do so, you are telling the rest of the world that we are not only able to set our sights on the peace in the world, but also to keep our minds on the problems of the children of the world.

Know Your Child Public Affairs are. Why not hire your self to Johnson Hall for a listen-in on those open meetings sponsored by the Public Affairs Committee of the Y? We've only used an ear, but there are your opinions are good for a hearing. It's a golden chance, we can set to get your self to Johnson Hall for a listen-in on those open meetings sponsored by the Public Affairs Committee of the Y? We've only used an ear, but there your opinions are good for a hearing.

U. to acquaint the women of the country to “get acquainted” with the state and local defense defense setup and arrange for an active defense in their communities.

Elliot advises women not to forget that the defense defense is concentrating on the means of keeping peace, and states that “the best defense is offense” for a group of states where the women are supported. She ends her speech by stating that women are the backbone of any defense of the state and locality.

Boners - Or Is It Just Plain Ignorance?

One Winthrop class proved its naivete and probably its ignorance for the following reasons on a recent test:

The Renaissance: The movement had its origin in Italy because of the war in the city of Constantinople, the crossroads of the east and the west. This was the center of classical learning. It came by water and Italy was the first place it hit. Louise Lambe - she was syndicated for wearing men's stockings.

Calvinism proved that the earth revolved around the sun. Louis Lambe pointed the mirror, which was owned by Clement Morot.

Of course, now, these girls aren't trying to tell the Navy Board members how to run the fleet, but "Here's the way we do it," demonstrated Winthrop band members Virginia Kigg (extreme left), Catherine Bailey, and Oya Yoba.

**The Recreation Roundup**

**Sports and Fun on the Campus**

By CATHERINE BAILEY

Catching blanketa, singing pep songs, Cheering for each team. Thursday night was Saturday night. To the Erskins—P. C. game.

And load’s fun it was too. Our sincerest thanks to Erskins and P. C. for coming here to play. We loved the whole thing from lining up with the band at Main building and following them not to the field, to the return in the chill night air, hoarse and happy about it all—and thinking how good a cup of coffee would be—or a hot dog, perhaps.

The game was well decided, favoring P. C., but the Erskins lads put up a hard fight. Both colleges brought along cheer leaders and bands and lots of students. Some of these were alumni of the midst of Winthrops. The ladies were in the height of their glory—or looked at least.

At the half, P. C.’s drill platoon took the spotlight. The whole thing was something, the girls were something, the boys were something, the whole thing was a definite winner. Well, that’s just something of a uniform—

Which reminds me of the picture postcard which came to us earlier this month. A pretty picture of a Royal Canadian Mounted Police officer in his native uniform. There were some other than Clenyon’s Hunchbacked Jimmy Love, who I have on a special attachment to press conferences is the annual Fall Dance which happened last night. Now you won’t hear the stereotyped pabulum story.” That’s more than the normal一页 Mr. Muscat.

Target Practice:

Clemson, we notice, has acquired an interest in archery and is competing a team to participate in matches with neighboring schools. The students are practicing their aim with bow and arrow, girls especially, since they’re planning an immediate trip to the open season. Says Miss Coeby, “We’re hoping to get together for some mutual target practice. The girls are all for it.”

Winthrop students know about air-sailor they say is heard. Not only are there plans for the coming Christmas season, but there is also a strong interest in the future. The writer, who has been in the air since the war, believes that the government will use women in the war effort. He is a great believer in the idea that women should be given chances to develop their potentialities.

Football:

The Tigers, who are in the know, were victorious over the Cocks last week. The game was a bit one-sided, the Cocks making a good fight of it. The Tigers are in good form this week. A Seshy post exchanges with the Civilian Pilot Training. Which means me el As picture postal which came to ye eel-
